Abstract

Literature is often used deliberately to explore an experience that is not fully understood in real life. Sons and Lovers is one of the most celebrated English novels of the twentieth century. It is highly autobiographical. It is the first startling masterpiece in the entire range of English fiction which treats predominantly of what Freud termed the Oedipus complex. It is profoundly autobiographical novel and presents with deep insight the relationship between son and mother. Lawrence's account of the miners is graphically and vividly presented in this novel. It is an authentic and intimate presentation of working-class life. Lawrence's style is sensitive, prosperous and significant. It deals with sex without being sexy. The battle of the sexes is the theme of the novel Sons and Lovers, and this theme finds a free and frank treatment in the novel. The novel is largely a circumstantial record of the author's own early life and environment and indicates the source of the emotional fixation between himself and his mother which was subsequently to make him a man divided against himself and unable to adjust himself in a fully integrated love experience. It is a realistic novel developing the significant psychological themes.

Keywords: D. H. Lawrence, Sons and Lovers, Oedipus complex, Sex, Emotion, Psychology.

David Herbert Lawrence (1885– 1930) was a standout amongst the most persuasive and dubious journalists in English Literature of the twentieth century. He composed sonnets books and short stories. He is one of the primary incredible authors of England who makes utilization of brain research in his books. He was the fourth offspring of Arthur John Lawrence, a scarcely educated digger, and Lydia, a previous understudy instructor from an unassuming foundation. Lawrence spent his developmental years in the coal mining town of Eastwood, Nottinghamshire. His common laborers foundation and the strains between his folks gave the crude material to some of his initial works. Lawrence vocation as an expert creator started vigorously. He was taking a shot at his first lyrics, some short stories, and a draft of a novel, Laetitia, which was inevitable to wind up plainly. The White Peacock, showed up in 1910. Lawrence was acquainted with Edward Garnett, a distributor's peruser, in 1911. He went about as a coach, gave advance consolation, and turned into an esteemed companion. The youthful creator reconsidered Paul Morel, the principal draft of what moved toward becoming Sons and Lovers.
