**Urban Foraging in the Changing World** Shalini Dhyani, Mallika Sardeshpande, 2024-06-28 This volume brings together theoretical experiential and creative perspectives on the phenomenon of urban foraging In a rapidly urbanising world foraging is re gaining popularity as a way to connect with nature and cope with uncertainty Authors from various disciplines and geographies make sense of what this means for humanity Urban foraging represents a multifaceted movement that provides people with avenues for sustenance socialising and spirituality Motivations and implications of urban foraging vary across the socioeconomic spectrum as do barriers and enablers Urban foraging can help people adapt to change and build resilience to shocks but its spontaneous and unregulated nature makes it attractive to many Recognising and promoting sustainable urban foraging therefore is a delicate balancing act This collection discusses the philosophical and practical considerations towards this aim The book is of interest to researchers practitioners entrepreneurs and creatives inviting readers to envisage scenarios that are desirable and achievable It is of special interest to those working in urban and landscape planning social ecological systems non government organisations municipal and development corporations and the environment

**The Literature of the Senses** Aquiles Alencar Brayner, 2009 This work highlights the importance given to corporeal perception in Noll s literature as the ground upon which one becomes conscious of oneself of the world and of others discussing also the way in which Noll s narrative places sensorial experiences at the very core of the aesthetic experience both as a foundational process upon which the writer becomes able to create his work as well as the medium through which the reader becomes invited to interpret from his own perceptual framework the story narrated The book pays also attention to the Brazilian socio political and cultural contexts of the 1970s 1980s and 1990s showing how Noll s literary production distances itself from and even criticises the popular and commercially successful documentary genre known as romance reportagem which used literature as a form of political propaganda
