## **Cyber Bride:**

*Cyber Bride* Annette Couch-Jareb, 2002      CyberBride Denise Fields, Alan Fields, 2001 The basics of how to plan for a wedding using online resources      **Women** Bernard Chapin, 2007-09 In *Women Theory and Practice* Bernard Chapin challenges the accepted theories of feminism and sexual equality in this thought provoking revolutionary look at the battle of the sexes in the twenty first century This book captures the true essence of today's apocryphal gap between men and women and how it affects not only the workplace but also romantic relationships and the interactions of men and women everywhere Chapin introduces a truly contrarian argument against society's current atmosphere of political correctness He also makes a convincing case for the hidden damage caused by the women's movement and the popular mindset that women are no longer just the fairer sex they are the better sex Chapin questions the rationale behind policies and laws created to protect women's rights and to construct equality in the workplace Chapin describes society's current backlash against men and how it has created a culture that has wrongly declared women to be intellectually morally and emotionally superior *Women Theory and Practice* provides a clear rational argument against a popular socio-political atmosphere that has turned women into demi-gods and men into second class citizens      Asian American Women Linda Trinh V?, Marian Sciachitano, 2004-01-01 *Asian American Women* brings together landmark scholarship about Asian American women that has appeared in *Frontiers A Journal of Women Studies* over the last twenty five years The essays written by established and emerging scholars made a significant impact in the fields of Asian American studies ethnic studies women's studies American studies history and pedagogy The scholarship is still relevant today broadening our critical understanding of Asian American women's resistance to the forces of racism patriarchy militarism cultural imperialism neocolonialism and narrow forms of nationalism The essays in this collection reveal the experiences and struggles of Asian American women within a global political economic cultural and historical context The essays focus on diverse issues including unconventional Asian American women of the early 1900s the life of a Japanese war bride possibilities for transnational Asian American feminism the politics of Vietnamese American beauty pageants mixed race identities and bisexual identities Filipina healthcare providers South Asian American representations and a multiracial exchange on pedagogical interventions The collection represents the rich diversity of Asian American women's lives in hope of creating a new transnational space of critical dialogue strategic resistance and alliance building      **Brand Beauty Unleashed** Roberto M. Álvarez del Blanco, 2020-03-12 This book presents an in depth careful study of our understanding of the concept of beauty in everyday objects and its impact on markets and brands Moving beyond artistic notions of beauty it demonstrates how beauty is an asset that can be leveraged in the marketplace Traditionally beauty has been examined in relation to its influence on painting sculpture literature music and architecture However its value and power in the marketplace is understudied Alvarez del Blanco provides a systematic analysis of beauty in commonplace objects and brands drawing on cutting edge research at the intersection of marketing and neurosciences

Through examining the neuroscientific evidence for how the brain processes beauty the author articulates the implications this may have on marketing and brand management He also offers a glimpse of how beauty may evolve and its marketing implications for firm strategy in the coming decades Written by a recognized authority in marketing and brand strategy Brand Beauty Unleashed gives students with an interest in marketing consumer behavior branding and neuromarketing an exciting new perspective on this intangible asset Cyber-bridges Between the United States and Mexico Felicity Schaeffer-Grabiel,2003 *Cyber Bride* Annette Couch-Jareb,2002 **The Political Economy of Global Warming** Del Weston,2014-04-11 Humanity is facing an unprecedented global catastrophe as a result of global warming This book examines the reasons why international agencies together with national governments are seemingly unable to provide real and binding solutions to the problems The reasons presented relate to the existing dominant global economic structure of capitalism as well as the fact that global warming is too often seen as an isolated problem rather than one of a suite of exceptional converging and accelerating crises arising from the global capitalist political economy This book adopts a political economy framework to address these issues It accepts the science of global warming but challenges the predominant politics and economics of global warming To illustrate the key issues involved the book draws on South Africa building on Samir Amin s thesis that the country represents a microcosm of the global political economy By taking a political economy approach the book provides a clear explanation of the deep and pervasive problem of the denial which fails to acknowledge global warming as a systemic rather than a market problem The book should be of interest to students and scholars researching climate change environmental politics environmental and ecological economics development studies and political economics **New Eastern European Migration to Australia** Olga Oleinikova,2023-01-30 This book identifies and examines new forms and paths of Eastern European migration to Australia since the 2000s and provides updated trends of contemporary migration movements of Ukrainians Hungarians and Czechs to Australia With chapters highlighting the diversities and complexities of these new accelerated waves of Eastern European migration to Asia Pacific this book offers novel insights to enrich our understanding of East European mobility in the 21st century The book will appeal to students scholars and policymakers in the fields of migration sociology political science and international relations

**Living Gender after Communism** Janet Elise Johnson, Jean C. Robinson, 2006-12-12 How has the collapse of communism across Europe and Eurasia changed gender In addition to acknowledging the huge costs that fell heavily on women Living Gender after Communism suggests that moving away from communism in Europe and Eurasia has provided an opportunity for gender to multiply from varieties of neo traditionalism to feminisms from overt negotiation of femininity to denials of gender This development in turn has enabled some women in the region to construct their own gendered identities for their own political economic or social purposes Beginning with an understanding of gender as both a society wide institution that regulates people s lives and a cultural toolkit which individuals and groups may use to subvert or transvalue the sex gender system the contributors to this volume provide detailed case studies from Belarus Bosnia the Czech Republic Poland Romania Russia and Ukraine This collaboration between young scholars most from postcommunist states and experts in the fields of gender studies and postcommunism combines intimate knowledge of the area with sophisticated gender analysis to examine just how much gender realities have shifted in the region Contributors are Anna Brzozowska Karen Dawisha Nanette Funk Ewa Grigar Azra Hromadzic Janet Elise Johnson Anne Marie Kramer Tania Rands Lyon Jean C Robinson Iulia Shevchenko Svitlana Taraban and Shannon Woodcock Change of Heart Sandra D.
