Cyprus My Deposition:

Cyprus Glafkos Clerides,1990 *Cyprus, My Deposition* Glaukos Klēridēs,1989 **Cyprus**, 1989 **Greek-Turkish Relations in an Era of Détente** Barry Rubin,Ali Çarkoglu,2020-05-04 Greek Turkish conflict ridden relations have long occupied a problematic position in the Western alliance first in NATO then more dramatically within the context of the newly developing European Union and its defence initiatives Following three major earthquakes on both sides of the Aegean the two countries have now experienced firstly a public empathy towards each other and secondly a significant diplomatic rapprochement This rapprochement though has failed to resolve the Cyprus conflict and is now at risk of reverting back to a series of conflicts This book addresses the crucial issues between Greece and Turkey from a critical perspective and provides an up to date assessment of the current state of the Greek Turkish rapprochement and its future development This book was previously published as a special issue of the journal *Turkish Studies* Mediating in Cyprus Oliver P. Richmond,2013-04-03 The UN peacemaking operation in Cyprus has been one of the longest of its kind but has resulted in discarded proposals non papers or reports This study investigates the Cypriot parties views of peacemaking to shed light on the problem and on the theoretical debates surrounding mediation **The Government and Politics of Cyprus** James Ker-Lindsay,Hubert Faustmann,2009 For nearly fifty years Cyprus has attracted considerable international attention However while numerous volumes have been written on the causes and consequences of the conflict between the Greek and Turkish Cypriot communities and the many efforts to reunite the island very little work has been done on the domestic politics and society in the Republic of Cyprus This volume addresses this major gap in the literature by providing the first comprehensive examination of the institutions of governance and the political environment in Cyprus As well as focusing on issues such as the presidency parliament the legal system local government and civil society it also analyses and explains the historical development of politics in Cyprus and the ways in which the conflict between the two communities the division of the island and more recently European Union accession have all affected the conduct of politics and system of government

Democracy in Southern Europe Isabelle Calleja Ragonesi,2019-02-28 How have Malta and Cyprus both EU members transitioned from colonial island states to independent democracies With the assistance of primary documentation this book traces the difficult path of these two states to becoming independent liberal democracies by using the pathway of democratization through decolonization Using socio economic and political data analysed through the microscope of political science and international relations theories Isabelle Calleja Ragonesi charts the progress of the two islands in the context of a number of four distinct phases Firstly decolonization independence and achieving the status of procedural democracies secondly post colonial independence consolidating democracy and regime breakdown thirdly sovereign nation state status and second attempts at consolidating democracy and finally attempting to reach substantive democracy status and EU membership The study of these two states is contextualized within the context of democratization in Southern Europe and

the cases of Malta and Cyprus provide new insights on the region for scholars of political science and international institutions *Reflections on the Cyprus Problem* Ahmet Sözen,2007 **Cyprus 1957-1963** Diana Weston Markides,2001 **The Cyprus Review** ,2006 **Cyprus** Clement Henry Dodd,1999 An edited collection of papers which were mostly given to a conference at the Eastern Mediterranean University in Northern Cyprus in 1999 Themes of Greek and Turkish perceptions of the Cyprus problem and the impact of the Cyprus issue on the politics of those countries are discussed *Cyprus* Library of Congress. Federal Research Division,1993 **Cyprus** Paschalis Kitromilides,Marios L. Evriviades,1995 The name of the Eastern Mediterranean island of Cyprus is often associated with great power rivalries regional political antagonism and multiple ethnic and partisan conflicts Yet this island is much more It is endowed with an impressive cultural heritage and is distinguished by an evolving tradition of art and creative expression Strategically positioned at the threshold of three continents Cyprus has long been a crossroads for East and West Its geographical position has shaped both its history and its culture This volume offers guidance to both older classics and to an extensive range of works on modern scholarship *United States Policy Towards Cyprus, 1954-1974* Claude Nicolet,2001 **Political Settlements in Divided Societies** Christalla Yakinthou,2009-07-23 The problem of how political settlements are to be adopted in divided or post conflict societies is one which is receiving growing attention as the international community increasingly views protracted intra state conflicts as carrying trans national consequences It is not only finding the most appropriate kind of political settlement that is so problematic but also how to reach the point where those proposals are adopted Cyprus provides an illuminating case study of these problems The object of many years of scrutiny and multiple sustained efforts at resolution of its division means that Cyprus can reveal a good deal about what impedes and what assists progress towards a settlement The experiences of Cyprus therefore can offer lessons to both practitioners working on political solutions for divided and post conflict societies and to academics and others seeking to understand how conflicts become intractable where the primary impediments lie to successful constitutional architecture and how those impediments can be overcome The book offers answers for why political leaders in Cyprus have been so unwilling to adopt a power sharing solution In so doing it offers new material for the wider debate regarding constitutional design and adoption of peace plans in divided societies on the politics of institutionalising peace **Through Cyprus** Agnes Smith Lewis,1887 **Documents and Comments on the Cyprus Dispute** Rauf R. Denktas,1996 **Cyprus** Vassilis K. Fouskas,Alex O. Tackie,2009-05-15 This book provides a non partisan approach to the Cyprus issue that goes beyond the perceptions of ruling elites on the island and their NATO masters which are historically responsible for the division of Cyprus today Fouskas and Tackie argue that the rise to power of two left wing parties on both sides of the Green Line means it is time to launch dialogue to initiate a post imperial constitutional process This is a feasible undertaking not least because Cyprus is a member of the EU but not a member of NATO This short accessible book aims to revive a debate in the spirit of Dervis Ali Kavatzoglou

and Constantine Misiaoulis popular symbols of a united democratic and independent Cyprus Changing the Game Anna Jarstad,2001 This study addresses the question of what makes ethnic quota systems in parliament work to manage ethnopolitical violence By a reconstruction of Arend Lijphart s theory on consociationalism two causal mechanisms are identified The first mechanism levels the power balance of contending groups by permanent inclusion in parliament The second mechanism reduces the number of conflict issues to be agreed on jointly but decentralization of decision making to the respective ethnic groups *Under the Shadow of the Embargo* Korkmaz Haktanir,2001
