Brosius, Amélie Kuhrt, 1998 This volume contains thirteen studies on aspects of Achaemenid Persian History ranging from the Persian heartland to Asia Minor The papers cover social economic political linguistic historiographical and artistic problems of Achaemenid History in which David Lewis had a particular interest *The Wedding in Ancient Athens* John Howard Oakley, Rebecca H. Sinos, 1993 The Wedding in Ancient Athens is the first book to reconstruct the stages of the ancient Greek wedding ceremony using a long neglected source of information vase paintings from the sixth through fourth centuries B C In order to elucidate the entire ceremony from the preparations for the wedding to the rituals performed on the day after the wedding night John H Oakley and Rebecca H Sinos incorporate copious illustrations of Athenian vases in their analysis supplementing evidence drawn from contemporary Greek literature The weddings rendered on the vases evolve through time from formal scenes of the wedding procession on black figure vases to later red figure scenes offering more intimate views of the bride as she prepares her adornments In these later scenes the authors point out Greek women appear as more than just passive objects of men's manipulations they possess their own powerful and divinely sanctioned means of seduction The evidence of wedding scenes on vases of both eras is valuable for several reasons Some vases depict aspects of the wedding that are not clearly portrayed in literature thus supplying a better understanding of each stage of the ceremony Vases also offer insight into Athenian attitudes toward the wedding suggesting a perspective different from that provided by Greek literature The book includes scenes that represent real life scenes that are clearly mythological and also some tableaux that blur the distinction between mortals and gods or heroes suggesting the idealized state in which mortals appeared when engaged in rituals with divine prototypes The Wedding in Ancient Athens is as enjoyable as it is informative Oakley and Sinos thoroughly explore Athenian wedding iconography and interpret it so that the ceremony can be appreciated by a modern audience BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Neo-Babylonian Empire and Babylon in the Latter Prophets* David Stephen Vanderhooft, 1999 Vanderhooft reverses the usual focus within biblical studies by asking not how the Neo Babylonian dynasty of about 605-539 BCE influenced Judah or particular biblical writers but how the biblical texts illuminate the phenomenon of Babylonian imperialism He focuses on the character and functions of the empire in its relations to the population of Judah and other subjugated peoples and on what the responses of those populations can reveal about the empire The treatment began as a doctoral dissertation for Harvard University in May 1996 This volume is in a series formerly distributed by Scholars Press but now distributed by Eisebrauns Annotation copyrighted by Book News Inc Portland OR *The Sorrow and the Pity* Brian M. Lavelle, 1993 Fifth century Athenians were especially hostile to tyrants and tyranny as a result of Peisistratid treachery during the Persian Wars Their

hostility engendered a persistent refusal to acknowledge the truth of collaboration during the tyranny and so a revisionism which fundamentally affected the tradition about it This study first examines the psychology of mass revisionism and of the early fifth century Athenians leading to their transfiguration of the tyrannicide s genos and demos traditions and topoi relating to the tyranny affirm and further define the distortion and deformative process affecting the historical record This work aims to establish better bases for reconstructing Peisistratid history but also for comprehending the psychology of Athenian antityrannism Index of Conference Proceedings British Library.
