REES-JONES,2002 [Diana the Killing of a Princess](#) Nicholas Davies,2006-01 When Diana Princess of Wales died in a horrific car crash on 31st August 1997 the world grieved at this tragic accident Official sources have always insisted there was nothing sinister about Diana s death Yet Nicholas Davies is equally adamant that government agencies were at work that fateful night **Diana: Case Solved** Dylan Howard,2019-09-17 This particular phase in my life is the most dangerous My husband is planning an accident in my car brake failure and serious head injury in order to make the path clear for him to marry Letter written by Princess Diana late

1996 It is a moment that remains frozen in history When the Mercedes carrying Diana Princess of Wales spun fatally out of control in the Pont de l Alma tunnel in Paris in August 1997 the world was shocked by what appeared to be a terrible accident But two decades later the circumstances surrounding what really happened that night and crucially why it happened remain mired in suspicion controversy and misinformation Until now Dylan Howard has re examined all of the evidence surrounding Diana s death official documents eyewitness testimony and Diana s own private journals as well as amassing dozens of new interviews with investigators witnesses and those closest to the princess to ask one very simple question Was the death of Princess Diana a tragedy or treason Diana Case Solved has uncovered in unprecedented detail just how much of a threat Diana became to the establishment In these pages you will learn of the covert diaries and recordings she made logging the Windsors most intimate secrets and hidden scandals as a desperate kind of insurance policy You will learn how the royals were not the only powerful enemies she made as her ground breaking campaigns against AIDS and landmines drew admiration from the public but also enmity from powerful establishment figures including international arms dealers the British and American governments and the MI6 and the CIA And in a dramatic return to the Parisian streets where she met her fate the two questions that have plagued investigators for over twenty years will finally be answered Why was Diana being driven in a car previously written off as a death trap And who was really behind the wheel of the mysterious white Fiat at the scene of the crash

Cover-up of a Royal Murder John Morgan,2007 Exposes one of the greatest cover ups of our time Provides credibility to the lingering doubts of a large section of the British and international public regarding the official line on the causes of the Paris crash Deals with many of the troubling questions that have risen since the death of Diana Lays down a huge challenge to those who believes the death of Diana Princess of Wales was just a tragic accident back cover
