Diary Of An Optimist:

Self-Motivation Diary of a Born Optimist Jamal Lanre Shashore,2017-03-08 Have you ever wondered why all attempts to achieve certain goals in your life end up in frustration Maybe you are keen to change your personal circumstances but don't know where to begin No one can prevent bad things from happening but we can learn to change our reaction to them By challenging you to think in a different way this book outlines how you can view adverse situations and challenges as opportunities rather than the end of your dreams In his own unique philosophical approach Jamal Lanre Shashore encourages us to redefine our core values in order to live a more enriched and optimistic existence by adopting a day by day motivational self guide that produces more positive results without subscribing to the selfish me first attitude of modern society So if a happier and more meaningful life is what you long for the *Self Motivation Diary of a Born Optimist* is all you need to set you on the right path

The Intelligent Optimist's Guide to Life Jurriaan Kamp,2014-10-13 The world isn't coming to an end contrary to what you may have heard says Jurriaan Kamp Certainly there's upheaval and economic political and social instability but the media's near exclusive focus on conflict and disaster means that the progress and everyday acts of brilliance taking place across the globe go unnoticed which contributes to the sense that apocalypse is at hand And pessimism can be fatal Kamp cites research showing that those who indulge in negative thinking are more likely to smoke be overweight and have high blood pressure high cholesterol and an increased risk of Parkinson's disease than optimists Meanwhile evidence abounds that optimism intelligent optimism not a rose colored glasses brand of wishful thinking is good not only for your mind but for your body too Kamp demonstrates that on the whole we're living longer becoming smarter working less and growing richer Democracy is on the rise and violence is declining He explains how we can cultivate an outlook of informed optimism that will make our lives and the world better because as he quotes Helen Keller No pessimist ever discovered the secret of the stars or sailed to an uncharted land or opened a new doorway for the human spirit
