Brantley, 2016-04-30 Emily Dickinson 1830-86 recasts British Romantic themes of natural and spiritual perception for an American audience Her poems of science and technology reflect her faith in experience Her lyrics about natural history build on this empiricism and develop her commitment to natural religion Her poems of revealed religion constitute her experience of faith Thus Dickinson stands on the experiential common ground between empiricism and evangelicalism in Romantic Anglo America Her double perspective parallels the implicit androgyny of her nineteenth century feminism Her counterintuitive combination of natural models with spiritual metaphors champions immortality The experience faith dialectic of her Late Romantic imagination forms the heart of her legacy **Experience and Faith** R. Freedman,2011-09-01 Dickinson knew the Bible well She was profoundly aware of Christian theology and she was writing at a time when comparative religion was extremely popular This book is the first to consider Dickinson s religious imagery outside the dynamic of her personal faith and doubt It argues that religious myths and symbols from the sun god to the open tomb are essential to understanding the similetic movement of Dickinson s poetry the reach for a comparable though not identical experience in the struggles and wrongs of Abraham Jacob and Moses and the life death and resurrection of Christ Linda Freedman situates the poet within the context of American typology interprets her alongside contemporary and modern theology and makes important connections to Shakespeare and the British Romantics Dickinson emerges as a deeply troubled thinker who needs to be understood within both religious and Romantic traditions **JEGP, Journal of English and Germanic Philology** Gustaf E. Crews, 1989 This leading two volume anthology represents America's literary heritage from the colonial times of William Bradford and Anne Bradstreet to the contemporary era of Saul Bellow and Alice Walker Volume II begins with Walt Whitman and Emily Dickinson and moves through Toni Morrison It reflects a continued emphasis on cultural plurality and multiple selections by authors that enables readers to compare and contrast different works Numerous editions in their entirety include Twain's *Adventures of Huckleberry Finn* Crane's *The Red Badge of Courage* William's *The Glass Menagerie* Hansberry's *A Raisin in the Sun* and Miller's *Death of a Salesman* Also featured are shorter works such as *How to Tell a Story* by Mark Twain Poems by Rita Dove short stories by Sandra Cisneros Louise Erdrich and Toni Morrison For modern scholars of America's literary history and readers who simply love to read especially the classics *Loose Ends* Russell Reising, 1996 In this study of American cultural production from the colonial era to the present Russell Reising takes up the loose ends of popular American narratives to craft a new theory of narrative closure In the range of works examined here from Phillis Wheatley's poetry to Herman Melville's *Israel Potter* from Henry James's *The Jolly Corner* to Disney's *Dumbo* Reising finds endings that violate all existing theories of closure and narratives that expose the often unarticulated issues that inspired these texts Reising suggests that these nonendings entirely refocus the narrative structures they appear to conclude

accentuate the narrative stresses and ideological fissures that the texts seem to suppress and reveal shadow narratives that trail alongside the dominant story line He argues that unless the reader notices the ruptures in the closing moments of these works the social and historical moments in which the narrative and the reader are embedded will be missed This reading not only offers new interpretive possibilities but also uncovers startling affinities between the poetry of Phillis Wheatley and the fiction of Henry James between Charles Brockden Brown s Wieland and Melville s Israel Potter and between Emily Dickinson s poem I Started Early Took My Dog and Disney s animated classic Pursuing the implications of these failed moments of closure Reising elaborates on topics ranging from the roots of domestic violence and mass murder in early American religious texts to the pornographic imperative of mid century nature writing and from James s descent into naturalist and feminist fiction to Dumbo s explosive projection of commercial racial and political agendas for postwar U S culture General readers interested in American literature as well as students of literary theory will find Loose Ends enlightening and provocative Studies in English and American Literature Maria Edelson,1984
