Gateway of the Gods Craig Hines,2007-01-09 This ground breaking and provocative book presents new and astonishing interpretations of ancient history mythology and world religions that will call many

established beliefs into question In Gateway of the Gods author Craig Hines invites readers to reconsider preconceived notions concerning Biblical theology in light of recent scientific discoveries and inquiries concerning the nature of the universe This fascinating exploration reveals a number of ideas that have been suppressed and obscured behind layers of symbolism and misguided propaganda for thousands of years until now Why is it that so many world cultures share details of an event when fallen angels descended upon the earth and fathered hybrid offspring called the Nephilim Is it possible that these beings used gateway technology housed within pyramids and holy temples to travel between the heavenly and earthly realms Do the latest advances in theoretical physics lend credibility to the idea that otherworldly beings might reside in dimensions parallel to our own Do the recorded voices of the dead known as Electronic Voice Phenomena EVP indicate that we may be able to communicate with these other realms Was a secret message embedded within ancient texts that could only be revealed after we have attained the knowledge and technology necessary to understand it Does this message offer a solution to the approaching environmental disaster that scientists warn will be more devastating to human civilization than any others in recorded history Drawing from a variety of historical sources and years of meticulous research the author weaves together a compelling argument involving a range of seemingly disparate topics that when considered together formulate a radically new narrative concerning the history and destiny of the human race Vetus Testamentum ,2007

Encyclopedia of Religion ,2005 **Idolatry and the Hardening of the Heart** Edward P. Meadors,2006 The purpose of this book is to provide a biblical theological answer to Isaiah s question Why O Lord do you cause us to stray from your ways and harden our heart from fearing you **The Triumph of Elohim** Diana Vikander Edelman,1996 Exploring specific issues and developments in the religious belief systems associated with the deity Yahweh from the late monarchic through the Hellenistic period these seven innovative essays challenge the commonly held view that monotheism was a defining feature of ancient Israel from its very beginning **The SBL Handbook of Style** Society of Biblical Literature,1999 The one stop reference for authors preparing manuscripts in biblical studies and related fields The International Critical Commentary on the Holy Scriptures of the Old and New Testaments ,1975 The Priestly Blessing in Inscription and Scripture Jeremy Daniel Smoak,2016 Jeremy Smoak presents a synthesis of recent discoveries bearing upon the early history and function of the biblical priestly blessing of Numbers 6 24 26 The book gives special focus to the importance of the discovery of the blessing on two silver amulets from Jerusalem dating to the late Iron Age and several other Iron Age inscriptions containing parallels to the blessing The analysis of the inscriptions provides a new way to approach the meaning and significance of the instructions for the blessing in the biblical book of Numbers **The Dialectical Development of Doctrine** Charles Cameron Dickinson,1999 *1 Kings* M. J. Mulder,1998 Volume 1 Images of Others Nathaniel B. Levtow,2008 In this volume Nathaniel Levtow articulately interacts with Mesopotamian and Israelite iconoclastic traditions locating Israelite polemics against cult images among a spectrum of ancient West Asian literary genres and ritual practices

that target the embodied deities of political opponents Levtow argues that Israelite parodies of Mesopotamian iconic cult were not unique expressions of aniconic monotheism but assertions of Israelite political potency during and shortly after the Babylonian Exile By interpreting Israelite icon parodies in this context Levtow rejects the idea of idolatry as a static native Israelite descriptive category and highlights the ability of Israelite writers to compose authoritative classifications of cult that profoundly influenced ancient and modern understandings of iconic worship practices He concludes that biblical representations of iconic cult reveal dynamic acts of Israelite social formation and exemplify the enduring power of the cult image in ancient West Asian societies

Exodus 19-40 William Henry Propp, 2006 The long awaited conclusion of William H C Propp s masterful study of Exodus this informative clearly written commentary provides a new perspective on Israelite culture and on the role of ritual law and covenant in biblical religion Exodus 19 40 sets a new standard in biblical scholarship Thorough and up to date it is the first commentary on Exodus to include critical textual evidence from the recently edited Dead Sea Scrolls Informed by Propp s deep understanding of ancient cultural mores and religious traditions it casts new light on the Israelites arrival at Sinai their entry into a covenant with God their reception of the Law their worship of the golden calf and their reconciliation to God The incisive commentary on the building of the Holy Tabernacle God s wilderness abode is supplemented by numerous illustrations that clarify the biblical text Propp extends the scope and relevance of this major work in five appendices that discuss the literary formation of the Torah the historicity of the Exodus tradition the origins of Israelite monotheism the Exodus theme in the Bible and the future of Old Testament scholarship By taking an anthropological rather than strictly theological approach Propp places familiar stories within a fresh context The result is a fully accessible guide to one of the most important and best known books of the Bible
