

" No varying Moon, nor starry frame
 Diversifies the Year;
 Nor Sun, but the all-glorious Lambe
 Brings light to that blest sphere:
 Unsetting light, for ever bright,
 Makes day without a night."

The passionate and melodious hymns of Richard Crashaw (q.v.) are hardly fitted for congregational use. He translated, amid a variety of other pieces, the "Lauda Sion" of St. Thomas Aquinas; and imitated, with some success, the mellifluous versification of the original. Austin's hymns [see *English Hymnody, Early*, § x.] were published in his *Devotions*, in 1668, and in 1672, 1684, and two editions in 1685. Although these hymns are of some merit, they are used chiefly outside of Austin's own communion, and in the form handed down by Dorrington and Hickes.

4. John Dryden, who in common with Crashaw and Austin, was originally a member of the Church of England, was the most noted of a group of translators who in the *Primers* of the seventeenth century made translations of the Latin hymns from the Reformed *Roman Breviary* form of 1632. Some of these translations are still found in a few Roman Catholic manuals and hymnals. Dryden's translation of the "Veni Creator Spiritus":—

" Creator Spirit, by Whose aid
 The world's foundations first were laid":

published as early as 1693, is the best known example. Two other translations by him are given in Scott's *Dryden*, and repeated in the recent editions of Dryden's *Poems*. There is strong internal evidence and some traditional grounds for believing that these are but specimens of his efforts in this direction [see *Dryden*]. The 1685 ed. of the *Primer* is of this class, although Dryden can scarcely be said to have had any share in the production of the work. A *Roman Primer* of 1687 contains these translations of the 1685 *Primer*, and a few which were new.

5. During the eighteenth century very little was done. Alexander Pope held fast to his religion in the midst of much of the false philosophy of his day. He composed in the spirit of a true Christian the exquisite *Ode* which was suggested by the Emperor Adrian's:

" Animula, vagula, blandula,
 Hospes comesque corporis."

It is the well-known "Vital spark of heavenly flame." His *Messiah* and his *Universal Prayer* have given several centos to modern hymn-books. [See *Pope, A.*] Amongst translations not generally known is one by "T. P." published about 1740, of St. Thomas Aquinas's "Lauda Sion." Although departing from the original metre, it is fairly meritorious. The last stanza reads:—

" Gracious Jesus, Food divine,
 Preserve us, feed us, lest we stray;
 And through the lonely Vale of Time
 Conduct us to the Realm of Day.
 Source of uncreated Light!
 Matchless goodness! boundless Might!
 Fed by Thy Care, thy Bounty blest,
 Hereafter give thy Flock a place
 Amongst thy Guests, at chosen Place,
 The Heirs of everlasting Rest."

In 1763 a complete translation of the *Roman Breviary* was pub. in 4 vols., with new translations of the hymns: but it was late in the century before anything approaching to the style and manner of the modern hymn-book

appeared, with the exception of an isolated translation of a popular hymn or two as the "Adeste Fideles." In 1791 a most extraordinary *Collection of Spiritual Songs* was issued by Bishop John Geddes, in connection with Bishop John Hay, for the use of the Scottish Northern Roman Catholics. This was reprinted in 1802, and again in 1823, with additions and alterations. The hymns are written to familiar Scottish airs, the result being a hymnal which ranks amongst the most curious in the whole range of English hymnody.

6. In the present century one of the first, if not the first, collection of hymns for the use of English Roman Catholics was published by the Rev. George L. Haydock, as *A Collection of Catholic Hymns, or Religious Songs*, York, 1823. From the Preface it appears that two editions, previously issued in 1805 and 1807, were edited by the Rev. Nicholas Alain Gilbert, and that this York edition is that of 1807 reprinted in full. It contains hymns by Austin; Dryden's "Veni Creator"; some from the 17th century Manual of Prayers and Litanies; a fine piece by Nicholas Poskett, 1660, which is alluded to in the Preface; translations from St. Francis Xavier and St. Bernard; a ballad of John Tauler and the Beggar, which, in its prose form, is frequently appended to the early translations of St. Francis de Sales's *Introduction to a Devout Life*; and some of the earliest, if not the earliest, translations from the *Paris Breviary*. Another collection by Haydock, published at Whitby, 1823, is a clear and distinct departure from these old lines. It is *A Collection of Catholic Psalms, Hymns, Motetts, Anthems, and Doxologies*: is appended to the former collection, and adds 39 hymns thereto, in addition to the Motetts and Anthems, and 18 Doxologies. Many of the hymns are altered from J. Fanch and D. Turner, L. Watts, B. Rhodes, J. Montgomery, and C. Wesley. Daniel French; J. R. Beste in his *Catholic Hours*, a family prayer-book with hymns, 1839; and Dr. Hussenboth in his *Roman Missal for the Use of the Laity*, 1840, and his *Vespers Book of 1841* bring us down to the works and the labourers of the past forty years.

7. In many of the books of devotion in use among the Roman Catholics of Great Britain, there are English versions of the Latin hymns occurring in the Mass, Vespers, and Benediction, which compose the ordinary public services on Sundays: and these versions are not bound to be strictly uniform. An exceedingly popular Manual is *The Garden of the Soul*, and it contains a version by the Rev. E. Caswall, of the "Hymn to our Saviour Jesus, abridged from St. Bernard." The frequent hearing, singing, and repeating these affecting words:—

" Jesus, the very thought of Thee,
 With sweetness fills my breast;
 But sweeter far Thy face to see,
 And in Thy presence rest!"

with the remainder, have treasured it in the memory of multitudes of the faithful; and is a fair specimen of the translated Latin Hymns and Sequences which are found in a large number of modern Roman Catholic prayer-books. They do not always show translations of the first order, but they are sufficiently good for

Dictionary Of Hymnology Volume 2

Dictionary Of Hymnology Volume 2 Introduction

In today's digital age, the availability of Dictionary Of Hymnology Volume 2 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Dictionary Of Hymnology Volume 2 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Dictionary Of Hymnology Volume 2 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Dictionary Of Hymnology Volume 2 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Dictionary Of Hymnology Volume 2 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Dictionary Of Hymnology Volume 2 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for

literature enthusiasts. Another popular platform for Dictionary Of Hymnology Volume 2 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Dictionary Of Hymnology Volume 2 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Dictionary Of Hymnology Volume 2 books and manuals for download and embark on your journey of knowledge?

FAQs About Dictionary Of Hymnology Volume 2 Books

1. Where can I buy Dictionary Of Hymnology Volume 2 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
