Dictionary Of Mental Handicap:

Dictionary of Mental Handicap Mary P. Lindsey, 2002-03-11 Over recent years the policy of isolating and institutionalizing mentally handicapped people has gradually been dismantled and a major shift to community care has taken place. But integration within the general community and access to special services has greatly increased the number of people with a need to know about mental handicap. Each profession or discipline has its own terminology nowadays one must be conversant with all of them. In this comprehensive dictionary Mary Lindsey has brought together terms and concepts from a wide variety of fields. Approximately 2 400 entries are included ranging in length from concise explanations to encyclopaedic essays but always expressed in clear simple language. Where appropriate suggestions for further reading are made and possible sources of further information given. An extensive system of cross references leads the interested reader further and makes valuable connections between entries. The medical aspects of mental handicap its causes prognoses and treatments are of course covered in detail. But although the cause of mental handicap may be medical subsequent interventions may be sociological psychological educational medical paramedical or psychiatric. This is reflected in the choice of entries making the Dictionary an invaluable source of reference for all those involved with mentally handicapped people in any capacity whatsoever. [The Stigma of Mental Illness](#) David Deslauriers, Kyle Deslauriers, 2018-10-11 Written by a man with first hand knowledge of the ravages of mental illness *The Stigma of Mental Illness* provides a hard hitting realistic and at times humorous look at a variety of conditions and disorders and their impact on sufferers and their families. At the core of the work however stands a message of hope and faith encapsulated in the words and poetry of the author and the experiences of his fellow sufferers. His story of faith grounded in the love of Jesus Christ sustains him. The poignancy of the author's words is enhanced when the reader realizes that after penning this book Mr Deslauriers went to be with his saviour eternally free of the illness that plagued him for so many years. A transparent honest and powerful account of the struggles faced by millions every day *The Stigma of Mental Illness* will touch the hearts of sufferers and caregivers alike. [Current Catalog National Library of Medicine \(U.S.\)](#), 1993 First multi year cumulation covers six years 1965-70 **Dictionary of Developmental Disabilities Terminology** Jennifer A. Accardo, 2011 Fully updated and expanded just in time for its 15th anniversary this comprehensive dictionary gives readers updated jargon free definitions of more than 4 000 disability terms. Now with 800 new entries that cover advances in medicine genetics technol **A Dictionary of Psychological Medicine** Daniel Hack Tuke, 1892 [A Comprehensive Guide to Intellectual and Developmental Disabilities](#) Ivan Brown, Maire Ede Percy, 2007 Learning objectives instructive case stories stimulating questions for reflection and key Internet resources help make this a user friendly textbook one that students will refer to for years to come. With this thorough compendium of information insights and answers future educators social workers researchers and clinicians will know what to do and how to do it once they start their work with people with disabilities the editors and the majority of the contributors are the top Canadian specialists in the
