Diamond of Greed William R. Kennedy,2001 The quiet young baseball prospect named Bobby Ellis seemingly came from nowhere to try out for the New Jersey Greys But it quickly became clear that he could help the Greys challenge their arch rivals the New York Yankees in the 2005 pennant race As Bobby Ellis became a fan favorite broke records and seemed to be poised for a Hall of Fame career baseball fans everywhere embraced his spirit and sportsmanship as he taught the world a lesson on and off the field But some people wanted to expose Ellis secret who was really inside that body where he was really from and his mission on Earth while others wanted to snuff out his success no matter what the cost Set partly in Heaven but mostly on the baseball diamonds that have come to be dominated by dollars rather than sportsmanship **DIAMOND OF GREED** evokes the tradition of baseball fantasies such as *Field of Dreams* *It Happens Every Spring* and *Damn Yankees* **DIAMOND OF GREED** mixes the ordinary with the extraordinary the commonplace with the inexplicable and offers an entertaining story with a tale that is literally in this case Heaven sent **The Right Thing** Edward Schlueter,2020-08-26

The call that changed Benjamin Harris s life forever came in the middle of the night informing him that his grandfather who disappeared twenty two years before was dead As he adored his grandfather while he was growing up he was determined to find out more information in hopes that he could finally understand why he suddenly and without notice vanished from his life Ben s search for answers leads him across the country to an island near Seattle but was totally unaware that he was being drawn into a much larger search to solve a mystery that has been ongoing for seventy five years As the Second World War was coming to an end the Nazis attempted to reposition millions of dollars in diamonds stolen from Jewish merchants throughout Europe to their agents in Argentina The box carrying the stones disappeared en route and have been missing ever since Many people have been hunting for the hidden diamonds claiming that they have a right to the stolen treasure for themselves while others have been hunting to find them and return the diamonds to the victims of the crimes An agent of the Israeli government meets Ben and together as allies find answers to both mysteries in a suspense filled dangerous journey leading them across international borders in their desire to do the right thing 21 9 **Africa's Diamonds** United States. Congress. House. Committee on International Relations. Subcommittee on Africa,2001 *Cross-Examined Films* Matthew King,2017-12-06 After spending nearly a quarter of a lifetime watching popular and independent films Matthew King RN

makes a point to criticize the Christian church for its lack of engagement with films He believes that the lack of engagement and the strong denunciation of films only because of their sexual or violent content has lost an entire generation because of the inability to speak the millennial language of popular Hollywood films With searing prose and biting confrontation King attempts to engage films through the lens of theology philosophy and political analysis to assist the church in identifying positive as well as negative examples of the topics within to better engage an entire generation Through this investigation Christians and non Christians alike will be both enlightened and surprised at what popular films have unconsciously taught them from a young age

The Diamond Berthold Laufer,1917 The Koh-i-Noor A Stolen Childhood, A Continuing Crime SODHA IQBAL KASAM , The Doctrine of Void Ab Initio In international law when a treaty is found to be based on coercion it is declared Void Ab Initio meaning it is treated as if it never existed This is a crucial distinction for Indias claim If the Treaty of Lahore is void then the British Crown has been holding the KohiNoor for 170 years without a single day of valid legal title The UK cannot claim Prescriptive Title ownership through longterm possession because you cannot gain legal title from a void act It is like a house built on a foundation of sand no matter how grand the house is it has no legal right to stand By using the Vienna Convention framework India is not asking the UK to give back the diamond it is stating that the UK never owned it in the first place The diamond remains in the eyes of eternal law the property of the sovereign power of the Indian subcontinent Sovereign Equality and the Modern World Order The Vienna Convention was established to ensure that the Law of the Jungle where the strong dictate to the weak is replaced by the Rule of Law where all states are sovereign and equal By continuing to hold the KohiNoor based on a coercive 19thcentury document the UK is essentially rejecting the modern international order In 2026 the global community is increasingly intolerant of unequal treaties The argument that it was legal at the time is no longer a sufficient defense when the act itself violates the fundamental human and sovereign rights that the world has since agreed upon Indias strategy is to highlight this hypocrisy If the UK champions the Vienna Convention in modern disputes such as territorial integrity in Europe or Asia it must also respect its principles regarding its own colonial past You cannot pick and choose which parts of international law apply to you based on your convenience

Blood on the Stone Ian Smillie,2010-08-15 Africa s diamond wars took four million lives Blood on the Stone tells the story of how diamonds came to be so dangerous describing the great diamond cartel and a dangerous pipeline leading from war torn Africa to the glittering showrooms of Paris London and New York It describes the campaign that forced an industry and more than 50 governments to create a global control mechanism and it provides a sobering prognosis on its future

Fevers, Feuds, and Diamonds Paul Farmer,2020-11-17 Paul Farmer brings his considerable intellect empathy and expertise to bear in this powerful and deeply researched account of the Ebola outbreak that struck West Africa in 2014 It is hard to imagine a more timely or important book Bill and Melinda Gates The history is as powerfully conveyed as it is tragic Illuminating Invaluable Steven Johnson The New York Times Book Review In 2014 Sierra Leone Liberia and Guinea suffered the worst

epidemic of Ebola in history The brutal virus spread rapidly through a clinical desert where basic health care facilities were few and far between Causing severe loss of life and economic disruption the Ebola crisis was a major tragedy of modern medicine But why did it happen and what can we learn from it Paul Farmer the internationally renowned doctor and anthropologist experienced the Ebola outbreak firsthand Partners in Health the organization he founded was among the international responders In *Fevers Feuds and Diamonds* he offers the first substantive account of this frightening fast moving episode and its implications In vibrant prose Farmer tells the harrowing stories of Ebola victims while showing why the medical response was slow and insufficient Rebutting misleading claims about the origins of Ebola and why it spread so rapidly he traces West Africa s chronic health failures back to centuries of exploitation and injustice Under formal colonial rule disease containment was a priority but care was not and the region s health care woes worsened with devastating consequences that Farmer traces up to the present This thorough and hopeful narrative is a definitive work of reportage history and advocacy and a crucial intervention in public health discussions around the world

Hitchcock's Motifs Michael Walker,2005 Among the abundant Alfred Hitchcock literature *Hitchcock s Motifs* has found a fresh angle Starting from recurring objects settings character types and events Michael Walker tracks some forty motifs themes and clusters across the whole of Hitchcock s oeuvre including not only all his 52 extant feature films but also representative episodes from his TV series Connections and deeper inflections that Hitchcock fans may have long sensed or suspected can now be seen for what they are an intricately spun web of cross references which gives this unique artist s work the depth consistency and resonance that justifies Hitchcock s place as probably the best know film director ever The title the first book length study of the subject can be used as a mini encyclopaedia of Hitchcock s motifs but the individual entries also give full attention to the wider social contexts hidden sources and the sometimes unconscious meanings present in the work and solidly linking it to its time and place
