## **Dick Crossman A Portrait:**

Dick Crossman Tam Dalyell, 1989 *The Labour Party and European Integration* Matthew Broad, William King, 2025-10-21 This book uses a biographical approach to explore the Labour Party's relationship with European integration moving beyond simple pro or anti labels to showcase the complexity of views that have existed. Its positioning within the biographical turn emphasizes the importance of formative experiences in shaping such viewpoints held by both familiar figures and more underappreciated voices. Taking a broad view of Labour history the book covers the roots of Labour's diverse thinking on integration from the 1920s to the recent past. Its significant intervention in the fields of Labour Party history, European integration studies and history through biography helps provide essential historical context for understanding Labour's current European policies.

**Portraits and Miniatures** Roy Jenkins, 2011-09-28 In *Portraits and Miniatures* Roy Jenkins brings his penetrating intelligence and elegant prose to subjects ranging from literature and political history to wine and croquet. Long experience in both Houses of Parliament and as President of the European Commission has given him unparalleled insight into political figures such as R A Butler, Aneurin Bevan, Konrad Adenauer and de Gaulle. A varied selection of essays *Portraits and Miniatures* is fascinating, witty and endlessly entertaining.

**The Labour Governments 1964-1970** Peter Dorey, 2006-04-18 The book re-evaluates the 1964-1970 Labour Governments with regard to its economic, social, constitutional and foreign policies.

**Labour's Thinkers** Kevin Hickson, Matt Beech, 2007-04-27 *Labour's Thinkers* seeks to examine the key ideas emphasised by the twelve individuals whom the authors judge to have made the most significant development to the political thought of the Labour Party since the 1930s. Hickson and Beech argue the Labour Party is a party of values but often not of ideas. The number of people involved in the serious discussion of ideas in the Labour Party is relatively small and intellectuals are often viewed with suspicion in what is or was a party set up to represent the interests of the working classes. The formulation and development of ideas are therefore crucial to understanding the outcomes of the Labour Party's internal struggles and the basis of the party's appeal. *Labour's Thinkers* highlights influential and at times controversial figures involved in the battle of socialist ideas in the Labour Party thus exploring concepts such as equality, liberty, community, power, the state, ownership and patriotism.

**Believable Lies** Terry Stiastry, 2025-06-12 The true story of the misfits and mavericks who waged psychological warfare against the Nazis. September 1939. While Britain hovered on the brink of the Second World War a team of unlikely and ill-assorted characters assembled in their secret headquarters. They had left their civilian roles as politicians, journalists, novelists and spies, advertisers, artists and even forgers to work for a covert government organisation. Their goals to weaken enemy morale, sow confusion and encourage resistance. In the hush-hush village of Aspley Guise near Woburn Abbey, 8 miles from the codebreakers at Bletchley Park they set to work. The once top secret wartime efforts of the Political Warfare Executive were remarkable in their variety and inventiveness from pornographic leaflet drops to rumour campaigns, underground publications and fake French and German

radio shows But to break Nazi morale these men and women found themselves skirting the edges of their own morality What do you lose when you deploy lies even brilliant believable lies to achieve your ends **The Rhetorical Presidency, Propaganda, and the Cold War, 1945-1955** Shawn J. Parry-Giles,2002 Both Truman and Eisenhower combined bully pulpit activity with presidentially directed messages voiced by surrogates whose words were as orchestrated by the administration as those delivered by the presidents themselves A Review of the private strategizing sessions concerning propaganda activity and the actual propaganda disseminated by the Truman and Eisenhower administrations reveals how they both militarized propaganda operations allowing the president of the United States to serve as the commander in chief of propaganda activity As the presidents minimized congressional control over propaganda operations they institutionalized propaganda as a presidential tool expanded the means by which they and their successors could perform the rhetorical presidency and increased presidential power over the country s Cold War message naturalizing the Cold War ideology that resonates yet today Of particular interest to scholars and students of political communication the modern presidency and Cold War history **Listener and BBC Television Review** ,1989-09 **To Build a New Jerusalem** Andrew Davies,1992

*Dons and Workers* Lawrence Goldman,1995 *Dons and Workers* is a history of university adult education in England It focuses on the University of Oxford whose leading contribution to this movement presents an unfamiliar portrait of this elitist university and its influence on the nation Lawrence Goldman considers the relationship between intellectuals and the working class over the past century and a half examining the role of adult education in the evolution from late Victorian liberalism to twentieth century socialism **The Progressive Dilemma** David Marquand,1992 The Wilson Governments, 1964-1970 Richard Coopey,Steven Fielding,Nick Tiratsoo,1993 **Callaghan's Journey to Downing Street** Paul J. historical context and how these have been pursued more to modernize political institutions rather than radically transform them Dorey explains the reasons for this constitutional conservatism and the debates which specific reform proposals have prompted in the Party **Biography**, 1989 *Kingsley Martin: Portrait and Self-portrait* Kingsley Martin, 1969 **Oxford Dictionary of National Biography: Cranfield-Dalwood** Henry Colin Gray Matthew, Brian Harrison, 2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002
