Party Leaders and the Anti Japanese Resistance the Massacre of Chinese in Singapore Railway Transportation during the Japanese Occupation Period The Singapore Internment Camp for Allied Civilian Women and the Japanese Surrender This volume is a revised version of Akashi Yoji ed *Nippon Senryoka no Eiryo Maraya Shingaporu* Tokyo Iwanami Shoten Publishers Co 2001

**A History of Modern Singapore, 1819-2005** C.M. Turnbull,2009-01-01 When C M Turnbull s *A History of Singapore 1819 1975* appeared in 1977 it quickly achieved recognition as the definitive history of Singapore A second edition published in 1989 brought the story up to the elections held in 1988 In this fully revised edition rewritten to take into account recent scholarship on Singapore the author has added a chapter on Goh Chok Tong s premiership 1990 2004 and the transition to a government headed by Lee Hsien Loong The book now ends in 2005 when the Republic of Singapore celebrated its 40th anniversary as an independent nation Major changes occurred in the 1990s as the generation of leaders that oversaw the transition from a colony to independence stepped aside in favour of a younger generation of leaders Their task was to shape a course that sustained the economic growth and social stability achieved by their predecessors and they would be tested towards the end of the decade when Southeast Asia experienced a severe financial crisis Many modern studies on Singapore focus on current affairs or very recent events and pay a great deal of attention to Singapore s successful transition from the developing to the developed world However younger historians are increasingly interested in other aspects of the country s past particularly social and cultural issues *A History of Modern Singapore 1819 2005* provides a solid foundation and an overarching framework for this research surveying Singapore s trajectory from a small British port to a major trading and financial hub within the British Empire and finally to the modern city state that Singapore became after gaining independence in 1965

*Cultural Heritage and Prisoners of War* Gilly Carr,Harold Mytum,2012-04-27 This book focuses on the numerous examples of creativity produced by POWs and civilian internees during their captivity including paintings cartoons craftwork needlework acting musical compositions magazine and newspaper articles wood carving and recycled Red Cross tins turned into plates mugs and makeshift stoves all which have previously received little attention The authors of this volume show the wide potential of such items to inform us about the daily life and struggle for survival behind barbed wire Previously dismissed as items which could only serve to illustrate POW memoirs and diaries this book argues for a central role of all items of creativity in helping us to understand the true experience of life in captivity The international authors draw upon a rich seam of material from their own case studies of POW and civilian internment camps across the world to offer a range of interpretations of this diverse and extraordinary material

**The Architecture of Confinement** Anoma Pieris,Lynne Horiuchi,2022-02-24 In this global and comparative study of Pacific War incarceration environments we explore the arc of the Pacific Basin as an archipelagic network of militarized penal sites Grounded in spatial physical and material analyses focused on experiences of civilian internees minority citizens and enemy prisoners of war the book offers an architectural and urban understanding of the unfolding

history and aftermath of World War II in the Pacific Examples are drawn from Australia New Zealand Singapore Japan and North America The Architecture of Confinement highlights the contrasting physical facilities urban formations and material character of various camps and the ways in which these uncover different interpretations of wartime sovereignty The exclusion and material deprivation of selective populations within these camp environments extends the practices by which land labor and capital are expropriated in settler colonial societies practices critical to identity formation and endemic to their legacies of liberal democracy

**'Boredom is the Enemy'** Amanda Laugesen,2016-04-15 War is often characterised as one percent terror 99 per cent boredom Whilst much ink has been spilt on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier s time As such this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative imaginative and intellectual lives It examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts arguing that soldiers used entertainment and education in ways that suited them The focus in the book is on Australians and their experiences primarily during the First World War but with subsequent chapters taking the story through the Second World War to the Vietnam War This focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual s relationship and engagement with education and entertainment It can also suggest the continuities and changes in these experiences through the course of three wars The story of Australians at war illuminates a much broader story of the experience of war and people s responses to war in the twentieth century

**A Bibliography of the Malayan Campaign and the Japanese Period in West Malaysia, Singapore, and Borneo, 1941-1945** Justin J. Corfield,2001 If there was an honour roll of bibliographies of the Malayan campaign and the Japanese occupation of Malaya Singapore and Borneo this work would come close to the top of the list With over 4 000 entries it is a formidable collection and there is no doubt that Justin Corfield s efforts will be valuable to scholars working on this important aspect of military as well as Malayan and Singapore history Corfield has compiled a virtual treasure trove of hitherto seemingly untouched material in the form of original diaries and other unpublished personal

accounts including material not only in English and Dutch but also in Malay and Chinese Three indices greatly facilitate the looking up of entries Minerva ,2001 Between Two Oceans Malcolm H. Murfett,1999 Drawing on a range of archaeological and historical sources gleaned from research in Britain India Singapore the USA and Canada this book traces the geo strategic development of Singapore from its first settlement in the 13th century through the turbulent phases of the Early Modern period to the dramatic military events that have been such a distinctive feature of the 20th century
