Diary Of Beatrice Webb:

The Diaries of Beatrice Webb Beatrice Potter Webb, Norman MacKenzie, 2002-12 These diaries are a unique record of the times Beatrice Webb and her husband Sidney Webb lived in. They were at the centre of British intellectual and political life for nearly seventy years and this diary glitters with the great names of Edwardian society: Rosebery and Asquith, Churchill and Lloyd George, Bertrand Russell and H G Wells, Leonard and Virginia Woolf, Bernard Shaw. It is also a remarkable revelation of the private face of one of the greatest British women of the past century. Rich in insights and anecdotes about the people and politics of late Victorian and early modern Britain, Beatrice was the mistress of salon politics. She devoted herself to the causes she and Sidney had at heart: the founding of the London School of Economics, trade unionism, local government, the war against poverty, and their books. The establishment of the Fabian Research Bureau in 1912 and the launching of the *New Stateman* were both her initiatives. The diary is also finally one of the most moving records of old age and dying published in the English language.

Beatrice Webb's *American Diary 1898* is a collection of writings detailing her travels round around America. Beatrice Potter Webb was born in Gloucester, England, in 1858. Both her mother and brother died early in her childhood, leaving her to be raised by her father, Richard Potter. He was a successful businessman with large railroad interests and many influential friends in politics and industry, whose company the young Beatrice would become accustomed to. Upon reaching adulthood, Potter moved to London and helped her cousin Charles, a social reformer, research his book *The Life and Labour of the People in London*. It was during this time that she was introduced to Sidney James Webb, who later became her husband and collaborator. The Webbs together wrote eleven volumes of work which arguably shaped the way subsequent scholars thought about sociology. They also collaborated on

more than 100 books and articles on the conditions of factory workers and the economic history of Britain among other subjects The Diary of Beatrice Webb Beatrice Potter Webb,1985 The Diary of Beatrice Webb Beatrice Webb,Norman MacKenzie,London School of Economics and Political Science,1982 **The diary of Beatrice Webb.
