Dictionary Of Distinctions:

Dictionary of Fine Distinctions Eli Burnstein, 2024-04-09 This delightful book is a tribute to the genius of the human mind for conceptual precision and the beauty of the English language in capturing it. It resolves a great deal of puzzlement over confusable terms and its endearing illustrations and lighthearted explanations multiply the satisfaction. Steven Pinker, author of *The Language Instinct* and *Rationality* What's the difference between mazes and labyrinths? Proverbs and adages. Clementines and tangerines. Join author Eli Burnstein on a hairsplitter's odyssey into the world of the ultra-subtle with *Dictionary of Fine Distinctions*. Illustrated by New Yorker cartoonist Liana Finck, this humorous dictionary takes a neurotic brain-tickling plunge into the infinite and infinitesimal nuances that make up our world. The perfect gift for book-lovers, word-nerds, trivia geeks, and everyday readers, this illustrated gem is more than just a book; it is an indispensable resource akin to a thesaurus but filled with charm and wit. Each entry, from latte vs. flat white to Great Britain vs. The United Kingdom, is accompanied by mnemonic aids, quirky asides, and detailed illustrations, making it a standout dictionary for any bibliophile or language enthusiast's library. For fans of *The Dictionary of Obscure Sorrows* or *Foyle's Philavery: A Treasury of Unusual Words*, *Dictionary of Fine Distinctions* promises to be a cherished addition to the genre that offers clarity, joy, and a deeper appreciation for the subtleties of the English language. The quintessential librarian gift and English teacher gift, it's an educational odyssey that's as entertaining as it is enlightening.

A Dictionary of Distinctions Danish Ahmed, 2001-11-01 This book contains a collection of distinctions between words that you may use on a regular basis. Rather than pure definition, I have attempted to illustrate distinctions through example. This is a collection of distinctions that I have discovered as I have lived my life over the last several years. They have made a difference for me in my understanding of our world. I hope that they will make a profound imprint on your life as well. By reading this book, I hope that you will heighten your depth of communication. You will be able to see in language what you could not see before, create what you could not create before, and most importantly, express what you could not express before. And the next time you pick up a thesaurus, you might become conscious of the side effects it may have on your vocabulary. This dictionary may not seem too big. In my defense, I point out that the Lord's Prayer is 66 words, the Gettysburg address is 286 words, and there are 1,322 words in the Declaration of Independence. I won't dare compare this book to these great works. However, I do want to point out the power a few words can have. A few words can only have power if they are chosen wisely and if they are understood inside the spirit in which they are expressed. I submit to you that you, by reading and understanding this book, will learn how to use words much more wisely. Anthony Robbins says that nothing in life has any meaning except for the meaning that we give it. I hope that this book provides you the opportunity to generate further and deeper meaning from the words that I have put forth. More importantly, I hope you generate an overall deeper meaning in your entire life, making it a life of distinction.
