Diary Of A Love Affair:

Diary of a Love Affair Maggie Brown,2009-07 Maggie Brown s Diary of a Love Affair is a journal of an online relationship which addresses many of the challenges that people face when embarking on a long distance or Internet affair **Diary of a Love Affair** Catherine Howie,2005-10-12 A woman passionately in love a man torn between conflicting feelings both determined to make no more mistakes this true story of a controversial romance unfolding through summer and autumn a decade ago in an English township and its environs is told with tenderness passion thoughtfulness and humour Whether dwelling on intimate scenes enhanced by wine and music or describing notable excursions and social occasions this distillation of diaries written at the time may offer everyone who has ever been in love poignant and pleasant moments of recognition and remembrance But this is a story that also provokes Was he right or was she Were they both in the wrong What else could they have done Names have been changed **Conned by a Cop** Theresa Lawrence,2015-11-08 You will clearly see as this story unfolds how a police officer pursued me as if he were free to do so at a very vulnerable time in my life Using his position he proceeded to gain my trust my friendship my loyalty and eventually my love Following are pages of e mail exchanges we shared as a friendship turned into a love affair I trusted I befriended I believed I thought I loved Doubting him his promises and his declarations never even crossed my mind This was a betrayal of everything that encompasses the good in a human heart All I treasure most was mocked and betrayed He excelled like few could

Portraits from Life Jerome Boyd Maunsell,2018-01-05 What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies Portraits from Life examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences Portraits from Life investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in England and France **Japanese and Western Literature** Armando Martins Janeira,2016-08-09 Japanese and Western Literature delves deeply into Japanese culture to discover the concepts that similarize and differentiate

Japanese and Western literary creations Paralleling Japanese literary creations and fundamental thought with those of the West the author draws many illuminating comparisons for example between the novels of Murasaki Shikibu and Marcel Proust between the Portuguese poet Torga and the haiku master Issa and between the picaresque novel in Japan and in the West Contrastive studies are also made into such concepts as time nature love and tragedy This broad yet incisive survey of Japanese literarily genres and themes is more than a comparative study of literature however it is an attempt to grasp the core of Japanese culture by setting it against world culture From this born a complex of new ideas and problems and author is able to probe the extent of Western influence on Japanese fiction poetry and essays in the past hundred years
