The Dickens World Humphry House, 1941      *Deviance in Neo-Victorian Culture* Saverio Tomaiuolo, 2018-10-03 This book argues that deviance represents a central issue in neo Victorian culture and that the very concept of neo Victorianism is based upon the idea of diverging from accepted notions regarding the nineteenth century frame of mind However the study of the ways in which the Victorian age has been revised by contemporary authors does not only entail analogies with the present but proves by introducing what is perhaps a more pertinent description of the nineteenth century that it was much more deviant than it is usually depicted and perceived *Deviance in Neo Victorian Culture* Canon Transgression Innovation explores a wide variety of textual forms from novels to TV series from movies and graphic novels to visual art The scholarly and educational purpose of this study is to stimulate readers to approach neo Victorianism as a complex cultural phenomenon      Library of the World's Best Literature, Ancient and Modern: A-Z Charles Dudley Warner, Hamilton Wright Mabie, Lucia Isabella Gilbert Runkle, George Henry Warner, 1902      **The Academy and Literature**, 1898      The academy, 1895      **Homes and Haunts** Alison Booth, 2016 This is the first full length study of literary tourism in North America as well as Britain and a unique exploration of popular response to writers literary house museums and the landscapes or countries associated with their lives and works An interdisciplinary study ranging from 1820 1940 *Homes and Haunts* Touring Writers Shrines and Countries unites museum and tourism studies book history narrative theory theories of gender space and things and other approaches to depict and interpret the haunting experiences of exhibited houses and the curious history of topo biographical writing about famous authors In illustrated chapters that blend Victorian and recent first person encounters that range from literary shrines and plaques to guidebooks memoirs portraits and monuments Alison Booth discusses pilgrims such as William and Mary Howitt Anna Maria and Samuel Hall and Elbert Hubbard and magnetic hosts and guests as Washington Irving Wordsworth Martineau Longfellow Hawthorne James and Dickens Virginia Woolf s feminist response to homes and haunts shapes a chapter on Mary Russell Mitford Gaskell and the Brontes and another on the Carlyles house and Monk s House Booth rediscovers collections of personalities haunted shrines and imaginative re enactments that have been submerged by a century of academic literary criticism      Library of the World's Best Literature: A-Z Charles Dudley Warner, 1902      *Animating the Victorians* Patrick C. Fleming, 2025-02-17 Many Disney films adapt works from the Victorian period which is often called the Golden Age of children s literature *Animating the Victorians* Disney s Literary History explores Disney s adaptations of Victorian texts like Alice in Wonderland Oliver Twist Treasure Island Peter Pan and the tales of Hans Christian Andersen Author Patrick C Fleming traces those adaptations from initial concept to theatrical release and beyond to the sequels consumer products and theme park attractions that make up a Disney franchise During the production process which often extended over decades Disney s writers engaged not just with the texts themselves but with the contexts in which they were written their authors biographies and intervening adaptations To reveal that process

Fleming draws on preproduction reports press releases and unfinished drafts including materials in the Walt Disney Company Archives some of which have not yet been discussed in print But the relationship between Disney and the Victorians goes beyond adaptations Walt Disney himself had a similar career to the Victorian author entrepreneur Charles Dickens Linking the Disney Princess franchise to Victorian ideologies shows how gender and sexuality are constantly being renegotiated Disney s animated musicals theme parks copyright practices and even marketing campaigns depend on cultural assumptions legal frameworks and media technologies that emerged in nineteenth century England Moreover Disney s adaptations influence modern students and scholars of the Victorian period By applying scholarship in Victorian studies to a global company Fleming shows how institutions mediate our understanding of the past and demonstrates the continued relevance of literary studies in a corporate media age

**Neo-Victorianism** Ann Heilmann,Mark Llewellyn,2010-07-28 This field defining book offers an interpretation of the recent figurations of neo Victorianism published over the last ten years Using a range of critical and cultural viewpoints it highlights the problematic nature of this new genre and its relationship to re interpretative critical perspectives on the nineteenth century
