Peacocks What I observe in your earthly world is that human beings have great difficulty accepting themselves They always want to be someone else or like someone else It s time to be still and consider Why do I think this way What drives me to want to be like someone else I have observed that many human beings do not accept their physical bodies Some go to great lengths to modify them Everyone has inner beauty for all of you were built with that It is only a matter of finding it When you see a beautiful flower sunset or rainbow you often feel joy or splendor in your heart Where did that appreciation for beauty

come in It was always there You focused on it and you found it How about focusing on your inner beauty every moment of the day and night That could become your reality What you focus on is what you create When you are in that space not only will you see beauty everywhere but you will also draw forth beautiful experiences through the law of attraction Know in your hearts that you are all magnificent in the eyes of the Creator There is no judgment other than the judgment you pass on yourselves You often accept the judgment of others as truth In these powerful times you must consciously work on getting rid of false belief systems that keep you prisoners in your own minds
