Activities for the Development of Language Skills in a Self-contained Class Egeva Wiseman Ohlson,1921

Assessing Language Development in Bilingual Preschool Children Barry McLaughlin,1995 **Self-paced Phonics G.**

Thomas Baer,1999 Students can work at their own pace with minimal direct instruction using this concise workbook designed to provide future teachers with a sound understanding of both the content and pedagogy of phonics Using evaluative feedback from both students and reading professionals in the field who have used the previous edition the contents of this workbook have been expanded and strengthened to better serve the needs of prospective teachers Strong evidence indicates that children who are taught phonics at the beginning stages of reading instruction tend to do better than those who are not Therefore the concentration of this text is not on whether or not phonics should be included in beginning instruction but how phonics can be taught most effectively **The Effective Teaching of Language Arts** Donna E.

Norton,1993 Field tested and backed by sound research this popular methods book provides readers with a broad background in language arts including assessment and instruction in the major areas of speaking listening writing and reading Thoroughly encompassing the back to basics movement and the trend toward literature based instruction it offers clearly developed methodologies and lessons and makes extensive use of children s actual language samples to illustrate ways literature can enhance the development of language arts skills Written by an award winning author the book focuses on material that embraces the needs of all learners linguistically different children multicultural children and children with learning disabilities and handicaps Emphasizing the importance of literature based strategies and the identification of literature that can be applied to each of the language arts it offers For Your Plan Book a special section at the end of most chapters which provides concrete ideas field tested lessons and unit plans teachers can take right into their classroom Literature chapters are now moved to the forefront of the book enabling instructors to place a greater emphasis on literature related language arts Strong methodologies in the composition chapters now encompass the writing process plus results of a five year composition study of the relationships between writing and literature Public school educators parents in home schooling and library personnel **Announcements** Florida State University.
