Acts Of The Apostles

William Neil

Acts Of The Apostles:

The Theology of the Acts of the Apostles Jacob Jervell, 1996-05-16 Who are the people of God Luke's purposes in the Acts of the Apostles are to identify the church to establish the legitimacy of its gospel and to demonstrate that God was an active force in history He wanted to show that the communities of Jewish and Gentile Christians are the true heirs of God's promises to Israel He gives the history of the early church from the last decades of the first century as the communities become separated from their Jewish origins and Paul plays the lead role Acts offers an apologetic for the mixed mission of the church to Jews and Gentiles Luke was an eyewitness to some of what he reports but his authorship and views have been questioned This is a theological interpretation of the history of the church within history Luke is an artist a narrator rather than a systematic theologian but writes about the roles of God Christ and the Holy Spirit and of the church

The Acts of the Apostles, 1888 [The Acts of the Apostles](#) Averky Taushev, 2017-09-01 Writing in the tradition of biblical exegetes such as St John Chrysostom Blessed Theophylact of Bulgaria and St Theophan the Recluse the work of Archbishop Averky Taushev provides a commentary that is firmly grounded in the teaching of the Church manifested in its liturgical hymnography and the works of the Holy Fathers Using the best of prerevolutionary Russian sources these writings also remained abreast of developments in Western biblical scholarship engaging with it directly and honestly

Abingdon New Testament Commentaries | Acts Beverly Roberts Gaventa, 2003 In a striking departure from customary readings of the Acts of the Apostles as the story of the growth of the church Gaventa argues that Luke's second volume has to do with nothing less than the activity of God From the beginning of the story at Jesus Ascension and extending until well past the final report of Paul's activity in Rome Luke narrates a relentlessly theological story in which matters of institutional history or biography play only an incidental role Gaventa pays careful attention to Luke's story of God as well as to the numerous characters who set themselves in opposition to God's plan

The Acts of the Apostles Ellen Gould White, 2017-03-22 Yet another book in the series of theological interpretations of the Seventh Day Adventists this book covers the time of the apostles from the Great Commission to the visions of John in Revelation and she tells quite a different story about the apostles compared to the rest of her contemporaries since she heavily relies on mystical experience in order to make her theological conclusions Like her other books this one has been fought against by theologians in all times but helps
