Acts Of Narrative:

Acts of Narrative Carol Jacobs, Henry Sussman, 2003 This outstanding collection brings together essays that reflect on the nature of narrative literary criticism and history from a variety of theoretical and disciplinary perspectives ranging from deconstruction psychoanalysis and trauma theory to narratology technology economics and aesthetics Acts of Narrative includes responses from renowned scholars across a wide range of disciplines philosopher Jacques Derrida the literary critic J Hillis Miller W J T Mitchell well known for his reflections on the visual world and Cathy N Davidson one of the founders of the field of trauma theory These essays are brilliant in their readings of other texts but are also striking in the manner in which each becomes itself a narrative performance Moreover what starts out as an exercise in theorizing and reading moves more often than not into a meditation on social and political issues crucial for our own sense of ourselves

The Book of Acts as Story David R. Bauer, 2021-06-15 A senior New Testament scholar and teacher helps students understand the historical literary and theological issues of the book of Acts and introduces key concepts in the field of narrative criticism This volume captures the message of the book of Acts by taking seriously the book's essential character as a powerful story through which Luke communicates profound theological truth While giving attention to historical background its purpose is to lead readers through a close reading that yields fresh insights into passages throughout Acts

Contextualizing Acts Todd C. Penner, Caroline Vander Stichele, 2003

How Ancient Narratives Persuade Eric Clouston, 2020-02-06 The Acts of the Apostles includes persuasive speeches but the whole story should also be seen as an act of persuasion In How Ancient Narratives Persuade Acts in Its Literary Context Eric Clouston takes a fresh approach to interpreting Acts treating it as a persuasive narrative Comparison with other Greek narratives allows Clouston to show how events and characters and how they are described as worthy of trust empathy or respect as well as their speeches and narrator asides all have different persuasive effects His examination of the persuasive effects of narrative in Acts leads at last to conclusions about the purpose of the work directed to a readership unconvinced by the figure of Paul

Randolph Richards, 2025-12-12 Among the several prominent themes in the Bible the story of Israel is one that has attracted recent attention and study The biblical story of Israel in its election sin exile and restoration is a finely articulated drama of the glory and the plight of the universal story of humanity and creation And the story of Jesus born from the womb of Israel as its Messiah and true seed of Abraham provides the redemptive solution to Israel's and the world's plight This book by C Marvin Pate J Scott Duvall J Daniel Hays E Randolph

The Narrative Unity of Luke-Acts Robert C. Tannehill, Tannehill shows how the narrative contributes to the impact of Luke s literary whole The study further shows that Luke s use of recurring words patterns of repetition and contrast irony pathos and many other features of this narrative contribute to the total fabric of Luke s masterpiece *Narrative Art & Women in the Gospels and Acts* David Malick,2018-06-05 David Malick applies the hermeneutics of narrative analysis to select passages involving women in the Gospels of Mark Luke John and in the Book of Acts At times the scope of this analysis extends beyond heightened understanding of how authors presented women as significant characters and even foils to men in the narratives The use of duality and balance in the narratives of Zacharias and Mary Nicodemus and the Samaritan Woman and Aeneas Tabatha and Cornelius focus on what the author is doing with what he is saying The use of intercalations or sandwich stories brings about heightened meaning when the stories of Jesus mother and the religious leaders or Jairus and the woman with a hemorrhage or Judas and the woman who anoints Jesus for his burial are read together in Mark A first and subsequent reading of the healing of Simon s mother in law in Mark provides the reader with the first picture of true discipleship The literary technique of a sign sermon shows logical unity to what might be considered separate units in Mark and Acts

James among the Classicists Sigurvin Lárus Jónsson,2021-06-07 This book gives attention to the language and style of the letter of James with a hypothesis about its rhetorical purpose in mind It focuses on what we can learn about the author of James by reading the text in light of a guiding research question How does the author establish and assert authority The letter builds literary authority for a number of purposes one of which is to address socioeconomic disparity a major concern for the author The author of James presents a speech in character in the shape of a letter to establish his ethos Ch 2 employing vocabulary and style to signal his education implicitly Ch 3 4 and includes himself in the categories of sage teacher and exegete explicitly Ch 5 From this standpoint the author can address the rich as equals rebuke them and admonish both rich and poor to receive God s wisdom Ch 6 The comparison with ancient literary criticism shows that the categories at play are the same The insight that language and ethos are inseparable categories in antiquity provides us with renewed ways to interpret the literary production of early Christianity Both James and the Classicists present a competing epic in the context of the early imperium the former with an Israelite piety that is superior to contemporary economic and moral categories and the latter with the supremacy of Greek culture as a foundation for Rome The letter of James emerges as a document that builds educational ethos as a balance against the rich and powerful a strategy that calls for a revision of

both its rhetoric and socio economic situation *Christ's Victorious Church: Essays on Biblical Ecclesiology and Eschatology in Honor of Tom Friskney* Jon A. Weatherly, 2001-08-29 Christ's Victorious Church represents the synthesis of concerns that made the teaching of Tom Friskney so influential. Written by some of his former students and colleagues, the essays in this collection combine interests in critically informed exegesis, the construction of a genuinely and comprehensively biblical theology, the lived experience of Christianity, and the proclamation of the gospel to the church and the world. Emphasizing the crucial biblical perspectives on the church as the people of God and the last things as the climax and fulfillment of God's work in the world, this volume celebrates and carries forward the legacy of a quietly inspiring scholar, teacher, and minister. From 1954 to 2001, Tom Friskney taught as a professor at Cincinnati Bible College and Seminary. Though his many interests enabled him to teach a variety of subjects, his greatest impact was in New Testament studies. That impact can be seen in a generation of former students serving as college and seminary educators, ministers, and volunteers who cite him as their formative influence. These essays, written by former students and colleagues to honor their mentor and friend, discuss the twin emphases of Tom Friskney's teaching: the church and the last things. In keeping with the honoree's wide-ranging pursuits, they vary from the scholarly to the homiletical to the reflective. **The Earlier Epistles of St. Paul** Kirsopp Lake, 1914

Acts of Narrative Patrick O'Neill, 1996 Because German literary criticism tends to be strongly historicist in character, modern and postmodern German narrative has remained relatively unexplored by poststructuralist critics. In the eight individual analyses of twentieth-century German texts that make up this book, Patrick O'Neill deviates from the theoretical mainstream. O'Neill applies the principles of structuralist and poststructuralist narratology to a selection of narratives from both modernist and postmodernist German authors: Mann, Kafka, and Hesse, and Canetti, Grass, Johnson, Handke, and Bernhard. O'Neill's approach rests on three assumptions: first, that all stories are stories told in particular ways; second, that these particular ways of telling stories are interesting objects of study in and for themselves; and third, that modern German fiction includes a number of narratives that allow us to indulge that interest in ways that are themselves compelling. The relationship of story and discourse is central to *Acts of Narrative*; in particular, each of the texts under analysis continually foregrounds the active role of the reader, which O'Neill sees as an inescapable feature of modern and postmodern narrative as a semiotic structure. The volume might be described as an exercise in semiotic narratology, exploring a variety of aspects of the semiotics of narrative as a discursive system. *Acts of Narrative* provides a fresh and challenging approach to German literary texts that will interest both those whose concern is narrative theory and critical practice and those who study modern and postmodern German or comparative literature. **Mission in Acts** Robert L. Gallagher, Paul Hertig, 2004 **Leadership and Lifestyle** Steve Walton, 2000-08-03 This study contributes to the debate about the portraits of Paul in Acts and his epistles by considering Paul's Miletus speech (Acts 20:18b-35) and identifying and comparing major themes in Luke and Paul's views of Christian leadership. Comparisons with Jesus' speeches in Luke show how Lukan the speech is, and with 1 Thessalonians how

Pauline it is The speech calls the Ephesian elders to service after Paul s departure to Jerusalem focusing on faithful fulfilment of leadership responsibility suffering attitudes to wealth and work and the death of Jesus Paul models Christian leadership for the elders Parallels in Luke highlight his view of Christian leadership modelled by Jesus and taught to his disciples and modelled by Paul and taught to the elders Study of 1 Thessalonians identifies a remarkably similar portrait of Christian leadership The Miletus speech is close in thought presentation and vocabulary to an early indubitably Pauline letter The Sources of Luke's Passion-narrative ... Alfred Morris Perry,1920 *Perfect Martyr* Shelly Matthews,2012-07-12 This book analyzes the story of Stephen the first Christian martyr both in terms of rhetorical fittingness and Christian tradition concerning the significance of his dying forgiveness prayer It questions the historicity of the account of his death underscores Acts rhetorical violence and reads Acts against narratives of the martyrdom of James as a means to a richer history of early Jewish Christian relations Narrative Asides in Luke-Acts Steven M. Sheeley,1992 An examination of the literary device of narrative asides including parenthetical remarks addressed directly to the reader which interrupt the logical progression of the story and establish a relationship between the narrator and the narratee Narrative asides in Luke Acts are located categorized according to their function and examined within their literary context With this discussion in mind the book offers a narrative critical exploration of the relationship of asides to the plot narrator and audience of Luke Acts Bloomsbury Publishing Genre and Narrative Coherence in the Acts of the Apostles Alan Bale,2015-02-26 Focusing specifically on the issue of genre methodology in Acts Bale work will have clear ramifications for the study of biblical texts in general The first part of the work surveys the state of genre theory in Acts scholarship and demonstrates its inadequacy for both classifying and interpreting Acts Bale constructs a new genre model rooted in contemporary genre theory tackling the problematic issue in Biblical scholarship of the relationship between history and fiction in literature From this theoretical analysis Bale presents a new pragmatic model for genre which is non exclusive and heavily intertextual In part two Bale utilises the model in three original readings which draw heavily upon parallels from ancient literature The first reading shows how a specific device at the beginning of Acts dictates interpretation The second looks at the problem of Paul s status as apostle in Acts from a narrative rather than a propositional perspective The final reading explores several passages in Acts which may instructively be read as incorporating themes and techniques from ancient comedy and related genres

Exploring the New Testament in Asia Samson L. Uytanlet,Bennet Lawrence,2024-08-31 There is a growing recognition that God s design is for us to read Scripture alongside the whole church in all of its cultural and linguistic diversity Exploring the New Testament in Asia is a textbook for students and scholars of the New Testament to help the church hear and see the good news of Jesus anew This collection of essays offers theological reflections on New Testament themes from Asian perspectives while addressing contextual issues in light of the New Testament Touching on topics such as salvation holiness poverty ethnic tensions reconciliation honoring elders persecution and hospitality the scholars in this book demonstrate the

importance of a varied contemporary context for understanding the New Testament The result is a theological contribution that is both contextually relevant and biblically faithful
