

Acts Too

Bart D. Ehrman

Acts Too:

Acts Too! Stan Howard, 2002-06 *Acts Too* picks up where *SoulSource* Had He Come to America Now leaves off *Acts Too* details the aftermath of the death and resurrection of Jesus Christ as cast in the 21st Century While this book is a sequel to *SoulSource* it also stands on its own as an adventure packed volume containing many interesting turns and spiritual surprises The story is told in easy to understand paraphrase and is based upon of the original New Testament version Like *SoulSource* this book is a one way direct flight to a world filled with mind bending phenomena that whips our sensibilities and teases us with a taste of the eternal Modern readers are launched into a world of exploration where they witness whopper size feats and hear first hand reports from the lips of the Apostles Peter James and John Christ s inner core as well as Mary Maggie Siva and others previously introduced in *SoulSource* are joined by a plethora of new colorful characters with whom they bond and create a unified front in the face of powerful spiritual adversaries

Our War Too Margaret Paton-Walsh, 2002 In the late 1930s a number of American women especially those allied with various peace and isolationist groups protested against the nation s entry into World War II While their story is fairly well known Margaret Paton Walsh reveals a far less familiar story of women who fervently felt that American intervention was absolutely necessary Paton Walsh recounts how the United States became involved in the war but does so through the eyes of American women who faced it as a necessary evil Covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women s organizations informal women s networks and even male dominated lobbying groups In the Great Debate over whether America should enter the war some women favored aid to the Allies not because they hoped for war but because they hoped aid would forestall more direct U S involvement but also because they believed war was preferable to a Nazi victory Paton Walsh shows that this activism involved some of the most prominent women of their day Elizabeth Cutter Morrow whose son in law Charles Lindbergh was an isolationist spokesman supported the revision of the Neutrality Acts to allow the sale of arms to the Allies and expressed her support in a national radio broadcast Soon other women joined this debate Esther Brunauer of the AAUW journalist Dorothy Thompson and organizations like the League of Women Voters and National Women s Trade Union League broke from the pacifist tradition to advocate American aid for the Allied cause Focusing on the conflict in Europe Paton Walsh shows how these women grasped the implications of the Lend Lease program for America s entry into the war but supported it nevertheless By late 1941 the Women s Division of the Fight for Freedom Committee had been established no longer merely advocating aid to Britain to keep American boys out of battle this organization supported direct American involvement in the war as a means of stopping Nazi oppression While most historians have focused on women s pacifism Paton Walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs *Our War Too* is a story of American women trying to reconcile the irreconcilable to preserve both their principles and

their peace It expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on American public opinion over the build up to the war *Absolute Recoil* Slavoj Zizek,2014-10-07 A contemporary philosophical masterwork from one of the world's best known public intellectuals New York Review of Books Philosophical materialism in all its forms from scientific naturalism to Deleuzian New Materialism has failed to meet the key theoretical and political challenges of the modern world This is the burden of philosopher Slavoj Zizek's argument in this pathbreaking and eclectic new work Recent history has seen developments such as quantum physics and Freudian psychoanalysis not to speak of the failure of twentieth century communism shake our understanding of existence In the process the dominant tradition in Western philosophy lost its moorings To bring materialism up to date Zizek himself a committed materialist and communist proposes a radical revision of our intellectual heritage He argues that dialectical materialism is the only true philosophical inheritor of what Hegel designated the speculative approach in thought *Absolute Recoil* is a startling reformulation of the basis and possibilities of contemporary philosophy While focusing on how to overcome the transcendental approach without regressing to naive pre-Kantian realism Zizek offers a series of excursions into today's political artistic and ideological landscape from Arnold Schoenberg's music to the films of Ernst Lubitsch **German Foreign Policy and Greek Martyr Communities** Charalampos Karpouchtsis,2024-05-03 The Euro crisis of 2008 had a deep impact on German Greek relations The exchange of blows in media and amongst politicians created a deep divide and made old wounds visible wounds that lie in the Occupation of Greece by Nazi Germany and its fascist allies during World War 2 In 2014 German foreign policy towards Greece shifted to include reconciliatory measures marking the beginning of Germany's foreign policy of reconciliation One area of focus is memory culture and the Greek martyr communities meaning villages and towns that experienced extreme violence destruction and executions Diving into these places of terror and memory the book analyzes German foreign policy of reconciliation while providing a profound view onto history diplomacy and the widely unknown Greek memory landscape It entails a thorough review of German Greek relations more than seven unique maps and 10 case studies accompanied by photographs and over 35 interviews It shows how foreign policy conflict and reconciliation intertwine and how international affairs meet the local level of everyday citizens *People v.
