ProBlogger Darren Rowse, Chris Garrett, 2008-12-22 ProBlogger.net is where bloggers worldwide go for advice and information on enhancing their blog's presence. Whether you're just starting out or have been blogging for years, these two professional bloggers show you how to turn your passion for blogging into extra revenue. This practical guide to creating and marketing a blog with the potential for generating a six-figure income shows you how to choose subject matter that works for you, handle technical issues, and evaluate your blog's success so that you can use your blog to generate income indirectly.

Blogging For Dummies Susannah Gardner, Shane Birley, 2011-02-04 Everybody's doing it. And while that logic never got far with your mother, it's a fine reason to start blogging, especially if you have a business to build or a cause to promote. Well-run blogs do more than offer an outlet for your thoughts; they've actually influenced everything from a company's image to the outcome of a local election. Because the blogosphere is pretty crowded, it's a good idea to find out a bit about the anatomy of a blog, what makes a good one, and what it takes to keep one going before you dive right in and start sharing with the world. *Blogging For Dummies* 2nd Edition gives you all the basics so you can get a good start. And if you've been around the blog a few times and want to advance to the next level, *Blogging For Dummies* 2nd Edition even takes a look at podcasting and videoblogging. You'll find out how to make your blog stand out in a crowd, build an audience, and even make it pay. Choose the best software options, boost readership, and handle comments. Generate revenue from your blog with ads and sponsorships. Protect your privacy and your job. Deal with spam and the inappropriate comments from that guy who posts several times a day. Find your niche. Attract and keep readers. Use your blog to promote your business, cause, or organization. Add audio, video, cool widgets, and more. Ready? Get *Blogging for Dummies* and let's get started.

PRINT YOUR OWN MONEY Anil Monga, *PRINT YOUR OWN MONEY: A Wellness Guide to Financial Freedom* is a book which contains a perfect recipe for achieving success and creating money by leveraging a giant invention called the Internet. Why this title? Well, the idea behind the coining of this title is to live like an entrepreneur and create your own money. It's 100% legal if you can print your money by developing a mind set of an entrepreneur. An entrepreneur is a person who creates money from thin air. An idea transformed into money is the role of an entrepreneur. An entrepreneur gets an idea, believes firmly in it, develops a desire to achieve it, spells out a mission and vision, generates to lead his team to achieve it. An entrepreneur has the courage to think differently. An entrepreneur creates jobs, unlike employees who have a mindset of exchanging their time for money. Presently, the world we live in has fantastic opportunities to make money online. Over 2.7 billion users are connected to the internet, and in the next decade, the number of users will almost match the physical population of earth. Thousands of new products are being launched everyday, world-wide, and the vendors need to advertise their products. The fastest space of advertising is the Internet. The visibility of your product, *Jo Dikhta hai wo bikta hai*, is the key to success. How can the new vendors promote their sales? They do it directly or through affiliates. There are millions of affiliates who are ready to promote the products and earn up to

75 % commissions Does this trigger your mind to think about the potential I m talking about Apart from promoting other people s products if you produce your own products and sell through millions of affiliates you re your own boss You can make money even when you sleep The next couple of decades will revolutionize our living in each and every sphere of our life Flying cars driverless cars bioengineering robots hi tech factories with no humans 3D printing 3D social sites Holographs digitized monuments and so many other revolutions will make our lives worth living People shall live 135 years or beyond on an average print their food for dinner watch holographs wherever they want to and use wearable tech gadgets to enjoy music videos latest information and so on When you are living in the Information Age you simply cannot ignore the power of internet The sooner you embark better chances of making passive income If you are able to create passive income you ll enjoy life fully as the worry of not having money or exchanging your time for making money will dissipate I m a big believer that wealth is not a number or an amount it s an attitude and the umbilical cord to attitude is gratitude You simply need to change your mindset to think differently and the fruits will be truly rewarding for you and your loved ones So fellows Print Your Own Money and become happy
