Blogging for Profit 2019 Russell C. James, 2018-11-25 Why nearly 90% of bloggers only make pocket money from their work and how to be part of the top 10% that makes the big bucks. Just a few years ago I was fired from a law firm. I used to work for was heavily in debt and was looking for ways to make some side income online. That's around the time I started blogging. And because I really had no other choice, I pushed myself into learning every possible way I could turn my new fitness blog into a money making machine. So I did what you're probably doing: going through the YouTube videos, reading all the articles, buying all the courses, etc. To my dismay, I encountered the 3 challenges that stop most bloggers from making any significant income online: information overload, the piles of information on the topic, and the analysis paralysis that I got as a result prevented me from getting anything done. I followed outdated info. The internet evolves rapidly and what worked in 2018 may not necessarily work in 2019. I lacked a roadmap with a destination. Not knowing what you want and lacking a step by step procedure to get there is the perfect recipe for not getting any results at all. Through hard work and dedication, I was able to get past these hurdles and eventually made my first 5 figure month a bit over a year later. Today I am a multiple six figure earner. Because I understand what you're going through, I've written *Blogging for Profit 2019*. In this book, I have
