Cruickshank, Deborah Bainer Jenkins, Kim K. Metcalf, 2006 The backdrop of teaching The act of teaching The effective teacher *American Educational Research Association Annual Meeting Program* American Educational Research Association, 2005 *Computer Education for Teachers* Vicki F. Sharp, 2001-10 Extremely clear and comprehensive *Computer Education for Teachers* features classroom lessons activities and projects over 300 clear illustrations state of the art technology developments a chapter on multimedia two Internet chapters a large collection of annotated Internet Sites in each chapter a chapter on computers in special education an annotated recommended software listing a summary of current computer research and an extensive bibliography Designed to meet the needs of the student unfamiliar with the use of the computer in the classroom the book is written for undergraduate and graduate education students who want an up to date readable practical and concise introduction to computers for teachers It assumes no prior experience with computers The chapters are written so that the reader can pursue them in any order

Forthcoming Books Rose Army, 2004 *Teaching Introduction to Women's Studies* Carolyn DiPalma, Barbara S. Winkler, 1999-10-30 This edited collection addresses the institutional context and social issues in which teaching the women s studies introductory course is embedded and provides readers with practical classroom strategies to meet the challenges raised The collection serves as a resource and preparatory text for all teachers of the course including experienced teachers less experienced teachers new faculty and graduate student teaching assistants The collection will also be of interest to educational scholars of feminist and progressive pedagogies and all teachers interested in innovative practices The contributors discuss the larger political context in which the course has become a central representative of women s studies to a growing although less feminist identified population Increased enrollments and changes in student population are noted as a result in part of the popularity of Introduction to Women s Studies courses in fulfilling GED and diversity requirements New forms of student resistance in a climate of backlash and changes in course content in response to internal and external challenges are also discussed Evidence is provided for an emerging paradigm in the conceptualization of the introductory course as a result of challenges to racism heterosexism and classism in women s studies voiced by women of color and others in the 1980s and 1990s Sensationalist charges that women s studies teachers including those who teach the Introduction to Women s Studies course are the academic shock troops of a monolithic feminism are challenged and refuted by the collection s contributors who share their struggles to make possible classrooms in which informed dialogue and disagreement are valued

Critical Pedagogy and Active Approaches to Teaching Shakespeare Jennifer Kitchen, 2023-12-07 Active

approaches to teaching Shakespeare are growing in popularity seen not only as enjoyable and accessible but as an egalitarian and progressive teaching practice A growing body of resources supports this work in classrooms Yet critiques of these approaches argue they are not rigorous and do little to challenge the conservative status quo around Shakespeare Meanwhile Shakespeare scholarship more broadly is increasingly recognising the role of critical pedagogy particularly feminist and decolonising approaches and asks how best to teach Shakespeare within twenty first century understandings of cultural value and social justice Via vignettes of schools participation in Coram Shakespeare School Foundation s festival this Element draws on critical theories of education play and identity to argue active Shakespeare teaching is a playful co construction with learners and holds rich potential towards furthering social justice oriented approaches to teaching the plays

Books in Print Supplement ,2002 *Bilingual and ESL Classrooms: Teaching in Multicultural Contexts* Carlos J. Ovando,Mary Carol Combs, Virginia P. Collier,2006 Demographic predictions are that students with close connections to their bilingual bicultural heritages now labeled language minority students by the federal government will be very large in number in the near future becoming the majority in many states over the next three decades The authors feel it is the responsibility of all educators not just specialists to prepare themselves to work with language minority students This time tested classic text not an edited volume integrates theory and practice and provides comprehensive coverage of bilingual and ESL issues The text integrates the fields of ESL bilingual and multicultural education and provides rich examples of effective practices and their underlying research knowledge base and provides an extremely clear and balanced overview of research on teaching in multilingual and multicultural contexts
