State Power 2.0 Muzammil M. Hussain,2016-04-01 Digital media and online social networking applications have changed the way in which dissent is organized with social movement leaders using online applications and digital content systems to organize collective action activate local protest groups network with international social movements and share their political perspectives In the past authoritarian regimes could control broadcast media in times of political crisis by destroying newsprint supplies seizing radio and television stations and blocking phone calls It is much more difficult to control media in the digital age though there have certainly been occasions when states have successfully shut down their digital networks What causes state powers to block internet access disable digital networks or even shut off internet access How is it done what is the impact and how do dissidents attempt to fight back In this timely and accessible volume a collection of high profile international scholars answer these key questions using cases from Israel Iran Russia Morocco Vietnam and Kuwait and assess the political economy of the actors institutions and regimes involved and effected by the state management and control of digital networks

Adventures of Ideas Alfred North Whitehead,1967 The title of this book *Adventures of Ideas* bears two meanings both applicable to the subject matter One meaning is the effect of certain ideas in promoting the slow drift of mankind towards civilization This is the Adventure of Ideas in the history of mankind The other meaning is the author s adventure in framing a speculative scheme of ideas which shall be explanatory of the historical adventure The book is in fact a study of the concept of civilization and an endeavour to understand how it is that civilized beings arise One point emphasized throughout is the importance of Adventure for the promotion and preservation of civilization from Preface p vii
