The Acts of the Apostles ,1998 *Act Apostelnu* ,1850 The Acts of the Apostles ,1924 **A Translator's Handbook on The Acts of the Apostles** Barclay M. Newman,Eugene Albert Nida,1978 **Acts of the Apostles** ,1858 *The Acts of the Apostles* ,1995 **A Literal Translation of the Acts of the Apostles ... and an English version of the same. By Herman Heinfetter** ,1852 The Acts of the Apostles Timothy John Leary,2002 Acts of the Apostles is a work of great historical and cultural importance partly because it charts the early days of Christianity but also because its author being neither Roman nor of the governing class offers a view of the Roman Empire other than that provided by most contemporary historians However though well known in translation the work is all too seldom read in the original Greek This book is designed to help all those who would like to do so but whose Greek is either rusty or not very advanced The book contains a brief introduction dealing with questions of authorship date titles and the work s reliability and a short bibliography The main part of the text consists of a summary of each chapter followed by a section of Greek text supplied with facing vocabulary It will be of interest to schools theological and other colleges offering elementary courses in Greek and to those working on their own Bloomsbury Publishing **Acts and Letters of the Apostles** Richmond A. Lattimore,2015-04-21 Richmond Lattimore one of the most distinguished living translators of Greek has in this book completed his rendering of the New Testament in fresh and accurate English for the modern reader The publication of his translation of The Four Gospels and the Revelation in 1979 was hailed by the New York Times Book Review as an achievement that places us more deeply in Lattimore s debt than any other in a long diligent career The Acts of the Apostles which he calls the earliest consecutive story of early Christianity that we have and the three groups of Letters of the Apostles those of Saint Paul the letter to the Hebrews and the General Letters are now made available to complete the New Testament in his translation His aim again has been to provide a simple literal rendering in which the syntax and order of the Greek dictate the character of the English style Lattimore as an authority on the Greek language in which these texts have come down to us and as a writer without pretensions as a biblical scholar allows the words of the apostles and earliest disciples to speak for themselves with accuracy and fidelity to the Greek The book s design follows the attractive and readable format of The Four Gospels and avoids the usual apparatus of biblical texts **A Literal Translation of the Vatican Manuscript's Acts of the Apostles, on Definite Rules of Translation** ,1861 The Acts of the Apostles: English translation and commentary, by Kirsopp Lake and H.J.
