Adam And The Kabbalistic Tree:

Adam and the Kabbalistic Tree Z'ev ben Shimon Halevi,1990 Using the analogy of the Tree of Life as a model of the universe Halevi examines Adam the first man and takes us up from the earthly kingdom of the body through the worlds of soul and spirit to the crown of heaven In modern terms Halevi speaks of the anatomy of the psyche for the consciousness seeking contemporary reader

Adam and the Kabbalistic Tree Z'ev ben Shimon Halevi,1974 **Adam and the Kabbalistic Trees** Z'Ev Ben Shimon Halevi,2024-12-23 This is a kabbalistic study of Adam the archetype of humanity It describes in detail the interaction of the physical psychological spiritual and Divine levels and Worlds as an integrated view **Adam and the Kabbalistic Trees** Z'ev ben Shimon Halevi,2010-04-23 This book is about a Kabbalistic view of a human being This means it takes into account the concept of the four macrocosmic worlds of Emanation Creation Formation and Action which are manifest in the microcosm of the Divine spiritual psychological and physical levels within a person The book's approach is through the metaphysical scheme of the Sefirotic Tree of Life and the extended Trees of Jacob's Ladder Combining ancient medieval and modern understandings of Adam the archetype of humanity the book works its way up after introducing the way Kabbalistic principles work through the body psyche and spirit to the Divine Realm where Self realisation is attained

Cosmic Code of Life C.A. Ninan,2015-02-12 This book relates DNA and the genetic code to consciousness as the universal principle of life This is done through perception of seven pattern germs from DNA which are girdled into an archetypal model called the tree of life The symbols of the tree model are logically related to the self spirit soul psyche and body How this new approach helps to understand the phenomenon of life in its integrated wholeness and cosmic totality is explained in this book It heralds the dawn of a new science of life which translates the innate mysticism of religions into the language of science It provides novel keys to consciousness and creativity in relation to the transcendental horizon of the human being and the spiritual growth of humanity at large The Encyclopedia of Angels Rosemary Guiley,2004 An encyclopedia describing and giving the history of angels from the time when the earth was created forward using texts from Hebrew Arabic ancient and contemporary works **tsTemple Portals** Oded Yisraeli,2016-07-11 This monograph discusses the Zohar the most important book of the Kabbalah as a late strata of the Midrashic literature The author concentrates on the expanded biblical stories in the Zohar and on its relationship to the ancient Talmudic Aggadah The analytical and critical examination of these biblical themes reveals aspects of continuity and change in the history of the old Aggadic story and its way into the Zoharic corpus The detailed description of this literary process also reveals the world of the authors of the Zohar their spiritual distress mystical orientations and self consciousness *The Western Way: The hermetic tradition* Caitlin Matthews,John Matthews,1985 **Not in His Image** John Lamb Lash,2006-11-15 Lash is capable of explaining the mind bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight His arguments are often lively and entertaining Los Angeles Times In Not in His Image John Lamb Lash explains how a little known messianic

sect propelled itself into a dominant world power systematically wiping out the great Gnostic spiritual teachers the Druid priests and the shamanistic healers of Europe and North Africa Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth tellers and keep their own secrets But as Lash reveals the truth cannot be hidden or destroyed Not in His Image delves deeply into the shadows of ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history exploring the richness of the ancient European Pagan spirituality the Pagan Mysteries the Great Goddess Gnosis the myths of Sophia and Gaia Long before the birth of Christianity monotheism was an anomaly Europe and the Near East flourished under the divine guidance of Sophia the ancient goddess of wisdom The Earth was the embodiment of Sophia and thus sacred to the people who sought fulfillment in her presence This ancient philosophy was threatening to the emerging salvation based creed of Christianity that was based on patriarchal dominion over the Earth and lauded personal suffering as a path to the afterlife As Derrick Jensen points out in the afterword in Lash's hands Jesus Christ emerges as the agent provocateur of the ruling classes Sometimes a book changes the world Not in His Image is such a book It is clear stimulating well researched and sure to outrage the experts Get it Improve not just your own life but civilization's chances for survival Roger Payne author of *Among Whales*
