The Turn to Biographical Methods in Social Science Prue Chamberlayne,Joanna Bornat,Tom Wengraf,2000 Biographical research methods have become a useful and popular tool for contemporary social scientists This book combines an exploration of the origins of this field with comparative examples of the ways biographical methods have been applied

Research Methodologies for Auto/biography Studies Kate Douglas,Ashley Barnwell,2019-06-03 This collection of short essays provides a rigorous rich collaborative space in which scholars and practitioners debate the value of different methodological approaches to the study of life narratives and explore a diverse range of interdisciplinary methods Auto biography studies has been one of the most vibrant sub disciplines to emerge in the humanities and social sciences in the past decade providing significant links between

disciplines including literary studies languages linguistics digital humanities medical humanities creative writing history gender studies education sociology and anthropology The essays in this collection position auto biography as a key discipline for modelling interdisciplinary approaches to methodology and ask what original and important thinking can auto biography studies bring to discussions of methodology for literary studies and beyond And how does the diversity of methodological interventions in auto biography studies build a strong and diverse research discipline In including some of auto biography s leading international scholars alongside emerging scholars and exploring key subgenres and practices this collection showcases knowledge about what we do when engaging in auto biographical research **Research Methodologies for Auto biography Studies** offers a series of case studies that explore the research practices reflective behaviours and ethical considerations that inform auto biographical research **Advances in Biographical Methods** Maggie O'Neill, Brian Roberts, Andrew Sparkes, 2014-12-05 Rooted in a long and diverse genealogy biographical approaches have developed from a focus upon a single story a life story and personal documents e g diaries to encompass more routinely autobiographical secondary and archival research and analysis as well as multi media arts based creative multi sensory methods Biographical Research and practices as part of human understanding helps people to make sense of what has been and what is happening in their lives cultures communities and societies **Advances in Biographical Methods Creative Applications** takes up these themes theorising doing and applying current advances in biographical methods It demonstrates the momentum with which they areas are developing as a field of scholarship especially in relation to creative innovations and applications such as in new forms of interview and other practices and debates on its interlinking with art performance and digital methods

SAGE Biographical Research ,2012 **Biographical Research** Ana Caetano, Magda Nico, 2022-03-30 Studying people s lives requires acknowledging the multiple entanglements between individual singularity and processes of social patterning This book testifies how challenging and creative the study of these connections can be It gathers international contributions that show in imaginative ways how a person s life or specific domains of existence can be observed tackled and analysed across time This volume reveals the potential of biographical research in the production of social theory in the development of methodological innovation in giving voice and protagonism to people and in the understanding of the social unfolding of their lives It is a testimony of a vibrant and youthful field with a long tradition in social sciences and with numerous connections with other study areas namely the life course approach The different chapters illustrate how the challenges posed by this type of research focused on the individual level of analysis are particular and what creative responses are required to continue analysing the link between biography and society The chapters in this book were originally published as a special issue of the journal *Contemporary Social Science* **Biographical Life Course Research** Ann Nilsen, 2023-12-13 This open access book explores an approach that connects individual and societal processes throughout history and shifting trends in sociological perspectives influenced by C Wright Mills theories of time and temporality It traces its origins from

American pragmatist thought and Chicago qualitative sociology in the early 20th century to the revival of biographical research in European and American sociology during the 1970s The book shows empirical studies from this vibrant research approach can bridge methodological gaps between qualitative and quantitative biographical studies applicable to various topics like class gender ethnicity and intergenerational dimensions
