## Antonio Clara:

The School for Scandal and Other Plays Richard Brinsley Sheridan, 1998-05-07 Richly exploited comic situations effervescent wit and intricate plots combine to make Sheridan's work among the best of all English comedy. *The School for Scandal* 1777 is his masterpiece, a brilliantly crafted comedy of contrasts in which brothers Joseph and Charles Surface contend for Maria with hilariously differing intentions and results. Also a work of acute comic irony, *The Rivals* satirizes the romantic posturing of Lydia Languish while her disguised suitor Captain Absolute's resourceful contrivances advance an ever inventive and skilfully wrought plot. Included in this edition are the opera play *The Duenna* and the rarely printed musical play *A Trip to Scarborough* adapted from Vanbrugh's *The Relapse*. Sheridan's last play *The Critic* is an exuberant parody of the modish tragic drama of the day, lampooning Sir Fretful Plagiary's absurdly bombastic historical drama during its confused stages of production; its satire never fails to delight. The texts of the plays have been newly edited by the General Editor of the Oxford World's Classics English Drama series. A fine introduction and notes on Sheridan's playhouses and critical inheritance make this an invaluable edition for study and performance alike.

ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. **Making the Unknown Known** Victoria H. Cummins, Light Townsend Cummins, 2024-09-02 In *Making the Unknown Known*, leading scholars throughout Texas explore the significant role women artists played in developing early Texas art from the nineteenth century through the latter part of the twentieth century. The biographies presented here allow readers to compare these women's experiences across time as they negotiated the gendered expectations about artists in society at large and the Texas art community itself. Surveying the contributions women made to the visual arts in the Lone Star state, *Making the Unknown Known* analyzes women's artistic work with respect to geographic and historical connections. Including surveys of the work of artists such as Louise W. Ste. Emma Richardson, Cherry Eleanor Onderdonk, Grace Spaulding, John, and others, it offers a groundbreaking assessment of the role women artists have played in interpreting the meaning, history, heritage, and unique character of Texas. It places women artists within the larger social and cultural contexts in which they lived. In that regard, it contains an analysis of their varied styles of art, the media they employed, and the subject matter contained in their art. It thus evaluates the contributions made by women artists to defining the nature of the wider Texas experience as an American region. Beautifully illustrated throughout with rich, full-color reproductions of the works created by the artists, this volume provides an enriched understanding of the important but underappreciated role women artists have played in the
