Apollo Weeps Mao Xian,2023 Queer Virgins and Virgin Queans on the Early Modern Stage Mary Bly,2000 *Queer Virgins and Virgin Queans* looks at the early modern theater through the lens of obscure and obscene puns especially queer puns those that carry homoerotic resonances and speak to homoerotic desires In particular it resurrects the operations of a small boys company known as the first Whitefriars which performed for about nine months in 1607 8 As a group the plays performed by this company exhibit an unusually dense array of bawdy puns whose eroticism is extremely interesting given that the focus of eros is the male body The laughter recoverable from Whitefriars plays harnesses the pun s inherent doubleness to homoerotic pleasure in these plays the bawdy hand of the dial is always on the pricke of noone Mary Bly s analysis depends on the nature of punning itself and the inflections of language and the creativity that marked Whitefriars punsters with special emphasis on the effect of puns on an audience What happens to audience members who sit shoulder to shoulder and laugh at homoerotic quibbles What is the effect of catching a queer pun s double meaning in a group rather than while alone How can we characterize those auditors within the convoluted if fascinating theories of erotic identity offered by queer theorists **The Berks, Bucks & Oxon Archaeological Journal** ,1907 Greek Translations of Roman Gods Bradley Buszard,2023-05-08 A comprehensive study of the Greek translations of Latin terminology has long been recognized as a desideratum in classical philology and ancient history This volume is the first in a planned series of monographs that will address that need It is based on a large and growing database of Greek translations of Latin the GRETL project It offers a comprehensive analysis of the translations of Roman gods in literary Greek addressing Roman and Greek cult shrines legend mythology and cultural interaction Its primary focus is on Greek literature especially the works of Plutarch Appian Cassius Dio Dionysius of Halicarnassus and Diodorus but it also incorporates important translations from many other authors as well as evidence from epigraphy and the Byzantine Glossaria Although its focus is on Greek literature and translation the process of translation was a joint endeavor of ancient Greeks and Romans beginning in the prehistoric interactions in the Forum Boarium Etruria and Magna Graecia and continuing through late antiquity This volume thus provides an essential resource for philologists religious scholars and historians of Rome and Greece alike **A New and Complete Concordance Or Verbal Index to Words, Phrases, & Passages in the Dramatic Works of Shakespeare** John Bartlett,1896 **John Keats, Updated Edition** Harold Bloom,2009 Presents a collection of critical essays on the works of John Keats Berks, Bucks & Oxon Archaeological Journal ,1907 **A Reading Pageant Or Scenes and Episodes from the History of the Borough of Reading, Berkshire** Peter Hampson Ditchfield,1908 Epic Pastures Eleni Ntanou,2025-03-17 Although nearly all scholars acknowledge that the *Metamorphoses* appears to engage with pastoral poetry there has not been a monograph specifically designed to address and explore the interaction between pastoral and epic in the *Metamorphoses* This book fills in this gap building on modern approaches to intertextuality Ovidian and pastoral

studies The present book is comprised from five main chapters 1 Pastoral Encounters 2 Female Pastoral 3 Mourning Pastoral 4 Pastoral Ascent in the Metamorphoses 5 Pastoral Golden Age and the Metamorphoses The chapters are often in dialogue with one another thus offering a more sustained examination of the topic Alongside the lack of comprehensive monograph on pastoral in the Metamorphoses the preseny book s originality and contribution lie on the exploration of pastoral in the Metamorphoses through the lenses of fiction heroics and gender notions which are interwoven throughout the chapters This modern approach to generic interaction will be useful for scholars working on Ovid and across the range of Greek and Roman literature as well as for students of Classics

Studies in Colluthus' Abduction of Helen Cosetta Cadau,2015-03-31 This first monograph in English on Colluthus situates this late antique author within his cultural context and offers a new appraisal of his hexameter poem The Abduction of Helen the end point of the pagan Greek epic tradition which was composed in the Christianised Egyptian Thebaid The book evaluates the poem s connections with long established and contemporary literary and artistic genres and with Neoplatonic philosophy and analyzes the poet s re negotiation of traditional material to suit the expectations of a late fifth century AD audience It explores Colluthus interpretation of the contemporary fascination with visuality identifies new connections between Colluthus and Claudian and shows how the author s engagement with the poetry of Nonnus goes much further than previously shown
