Apollodoros The Son Of Pasion:

Apollodoros, the Son of Pasion Jeremy Trevett,2023 A study of the fourth century Athenian politician Apollodoros the son of Pasion covering his career and the seven law court speeches he delivered which have been attributed falsely to Demosthenes It offers insights into ancient rhetoric politics and the social history of ancient Athens **Apollodoros the Son of Pasion** J. C. Trevett,1990 **Kinship in Ancient Athens** Sarah C. Humphreys,2018 The concept of kinship is at the heart of understanding the structure of ancient Athenian society and the lives of its citizens Drawing on epigraphic literary and archaeological sources Kinship in Ancient Athens explores interactions between kin across a range of social contexts from family life to legal matters politics and more **Demosthenes the Orator** Douglas M. MacDowell,2009-12-03 In the most comprehensive account available of the texts of Demosthenes Douglas M MacDowell describes and assesses all of the great orator s speeches including those for the lawcourts as well as the addresses to the Ekklesia Besides the genuine speeches MacDowell also covers those which have probably wrongly been ascribed to Demosthenes such as the ones written for delivery by Apollodoros and he considers too the Epistles the Prooemia and the puzzling Erotic Speech *Proxeny and Polis* William Mack,2015-03-26 Known from ancient authors such as Herodotus Thucydides and Plato and more than 2 500 inscriptions proxeny a form of public guest friendship is the best attested interstate institution of the ancient world Proxeny and Polis offers a comprehensive re examination of our evidence for this important Greek institution and uses it to examine the structure and dynamics of the interstate system of the Greek world and the way in which they were transformed as a result of the establishment of the Roman Empire Based on a detailed analysis of the function of the formulaic language of honorific decrees this volume presents a new reconstruction of proxeny and explores the way in which interstate institutions shaped the behaviour of individuals and communities in the ancient world It draws extensively on proxeny lists which have not been systematically exploited before to reconstruct the proxeny networks of Greek city states This material reveals the extraordinary density of formal interconnections which characterized the ancient Greek world before the age of Augustus and allows us to reconstruct the patterns of trade and political interactions which resulted in these institutional networks The volume also traces the disappearance of both proxeny and the broader institutional system of which it was part Drawing on nuanced analysis of quantitative trends in the epigraphic record it argues that the Greek world underwent a profound reorientation by the time of the Roman Principate which fundamentally altered how Greek cities viewed relations with each other **Histoires Grecques** Maurice Sartre,2009 Sartre spans the grand narrative of Greek culture over a thousand years and a vast expanse of land and sea Ranging from Afghanistan to the Mediterranean world these excursions amount to a panoramic vision of one of the most important civilizations of all time **The Classical Review** ,2005 *History of Greece, and of the Greek People, from the Earliest Times to the Roman Conquest* Victor Duruy,1898 *The Demesman in Attic Life* ...
