L. Karlowsky,2017-04-14 Not much has been written in story or legend of a time before the great deluge of the world by flood Throughout the collective history of human civilization we are left with an imprint or memory of a turbulent past If you were taught the history of the world as I was man ascended as a civilized being approximately 8000 years ago That includes caveman to the Iron Age So according to science modern humans have been around for only 200 000 years That man had the same brain and features as us today Shave him give him a bath put him in a suit and he could probably pass as any average person I doubt if he would speak the language and he probably has less accumulated heavy metals in his organs but yea he is us Most authorities agree the world population was about 3 4 million around 10000 BC and today roughly around 6 billion If we evolved to our higher

order starting 200 000 years ago and by the year 10 000 BC we were 4 million that means in 188 000 years we grew only 4 million In the past 12 000 years we have grown 5 996 billion So what happened that suppressed human population or just maybe the creationists are right What if we were created 12 000 years ago and then wiped out by a global deluge 4000 years later These thoughts are the basis for my story What was it like before the flood What were the creatures really like and what was man s interaction What kind of magical world was it What did it take for man and magical creature alike to coexist Were Neanderthals magical Dwarfs from some ancient collective memory Did dragons darken the skies Did ancient angels mate with human women and were the magical creatures their combined offspring Like every story there has to be a beginning APOLLYON is that beginning It begins in modern times and weaves its way with more stories to come Never the less here you will meet all the characters who will tell the tale from my collective memory and imagination Just imagine what if it all is true and maybe they are not dead just asleep waiting for someone or something to awaken them Waiting for you
