Apostolic Preaching Of The Cross:

The Apostolic Preaching of the Cross Leon Morris,1955 To understand the significant terms used in New Testament teaching about Christ's death for example redemption covenant propitiation justification Morris sets these words against the background of the Greek Old Testament the papyri and the Rabbinic writings as a basis for an examination of them in their New Testament setting *The Apostolic Preaching of the Cross* Leon Morris,1980

The Apostolic Preaching of the Cross. 2nd Ed Leon Morris,1960 *The Apostolic Preaching of the Cross* L. Morris,1965 **The Cross in the New Testament** Leon Morris,2006-11-01 From time to time in the study of theology it becomes necessary to evaluate what Scripture has to say on certain crucial doctrines of the faith Leon Morris one of this generation's most respected evangelical scholars here offers a survey of the vast subject of atonement as it is presented in the New Testament THE CROSS IN THE NEW TESTAMENT explores in turn Matthew and Mark the Lukan writings John the Pauline epistles Hebrews the catholic epistles and Revelation showing what each New Testament scripture contributes to our understanding of atonement While Morris emphasizes the need to appreciate the many strands woven into this doctrine he criticizes the views of modern scholars that do not square with the biblical teaching At the heart of the doctrine of atonement is the idea of substitution Morris believes and his thorough examination and defense of substitutionary atonement make this volume a theological apologetic of great significance Trusted as an exhaustive and reliable work of scholarship for over forty years *The Cross in the New Testament* remains an invaluable text for serious students of the Bible **To Save Sinners** Michael

Riccardi,2023-04-12 The atoning work of the Lord Jesus Christ on the cross stands as the very epicenter of Christianity the very heart of the gospel Because of this one does not stray far from the heart of the Christian faith when he asks For whom has Christ accomplished so great a salvation Answers to that question have historically fallen in two broad categories Either Jesus died for all people without exception or he died only for those whom the Father has chosen to save Recently a mediating view has arisen arguing that we should not choose between these options but that Jesus died with multiple intentions for all without exception and for the elect alone In this book Michael Riccardi offers a critical evaluation of the multiple intentions view from the perspective of classic particularism The book demonstrates that while the third way proposed is attractive at first blush beneath the surface it faces insurmountable biblical and theological problems including the redefinition of the nature of the atonement itself Riccardi demonstrates that particular redemption is the teaching of the text of Scripture against the objections of one of its strongest opponents *The Attraction of the Cross. Bickersteth, Etc John Henry HOLFORD,1871 Sermons preached before the universities of Oxford and Cambridge Harvey Goodwin (bp. of Carlisle.),1876 Christianity Without the Cross Thomas A. Fudge,2003 Grounded in primary source research this boldly revisionist book examines the doctrine of salvation in Oneness Pentecostalism United Pentecostal Church from its origins through its several developmental stages The gradual rise of a literal interpretation of Acts 2 38 eliminated a tradition of doctrinal diversity within Oneness thought which regarded salvation as occurring at repentance prior to water and Spirit baptism With this development a main link to the wider stream of evangelical Christianity was severed The water and Spirit theology resulted in a form of Christianity which does not necessarily require the cross in any meaningful sense for salvation This study recovers the lost theological tradition associated with important figures such as Howard A Goss A D Gurley W M Greer C H Tadon Wynn T Stairs Earl Jacques E P Wickens John Paterson and the Pentecostal Church Incorporated Combining traditional historical methodology and theological research with the principles of a broadly based oral history this study argues for a theological diversity within the history of Oneness Pentecostalism and in so doing bridges an important gap in the history and theology of the United Pentecostal Church **A Critical and Grammatical Commentary on St. Paul's First Epistle to the Corinthians** Charles John Ellicott,1889
