...editions which appeared on the  
of the Original Limited Edition at  
Three Guineas.

...of God is a book which no one can afford to  
...by the numerous volume of public expression  
...it has called forth from the foremost minds  
...and all today. From this vast amount of  
...representative criticism the following few passages  
...selected here, as reflecting not only a far wider  
...opinion, but something of the nature and breadth of  
...Mr. Wyndham Lewis's profounder nature as well.

...ALDRINGTON in *The Review*:—"The Apes of God,  
...the excellent, is also one of the most tremendous  
...received in the world of arts. For comparisons are  
...made on Balzac and Aeschylus. . . . My final  
...The Apes of God is the greatest piece of writing  
...of modern times."

...REDFELL in *A Special Review*:—"It is not unlikely  
...Apes of God Mr. Lewis may have anticipated the  
...many generations towards our own; and this book  
...stand to it as a new Canine down to the Confessions  
...of Rousseau. . . ."

...BLACK BOSTON in *Espresso*:—"Like a series of  
...control upon them, the powers of this decaying  
...and responsibility are everywhere the high-powers  
...of Mr. Lewis's methodically analytical mind. With  
...whole gallery of meticulously drawn portraits (the  
...solidly built skeleton) we are shown the workings  
...of intellectual and moral disintegration."

...BRADFORD:—"It is surely unnecessary at this time  
...to praise Mr. Wyndham Lewis's extraordinary gifts,  
...he has and his most recognize, even if they will  
...without his astounding brilliance and force. But I  
...to have the opportunity of repeating my own  
...of his work."

## Apes Of God:

The Apes of God Wyndham Lewis, 1934      **The Apes of God. (Twenty-fifth Anniversary Edition.)**. Wyndham Lewis, 1955      **Buy The Apes of God and See for Yourself what All this is About!**, 19??      *The Apes of God* Hildegard Elaine Froese Tiessen, 1981

The Apes of God Politics of the Artist is a study of Wyndham Lewis's *The Apes of God* 1930 a work which has never been the subject of extended textual analysis Many critics have simply dismissed it in a few sentences of praise or damning fewer than half a dozen have devoted to it a discussion usually fairly generalized of chapter length Typically Paul Edwards in the most recently published critical response to the book *The Apes of God Form and Meaning* writes some fifteen pages about it then closes his discussion with the resigned statement The phrase neglected masterpiece is used often but it justly describes *The Apes of God* p 148 Begun in 1923 the novel evolved over seven years Its content and structure reflect many of the changes that occurred in Lewis's own professional and personal life and in the political social and artistic worlds that defined the inter war years At the outset of the dissertation I describe the various contexts in which Lewis composed the book To understand *The Apes of God* as a roman a clef is of primary importance Many of the novel's character models were well to do contemporaries of Lewis who spent much of their leisure time writing and painting producing passable artifacts but as Lewis said less than the real thing Relatively unknown even among their contemporaries they remain for the most part background figures in our present conception of the art world of the 1920s But they were as I indicate major figures in Lewis's own experience of the era      *The Poetics of Mockery* Mark Perrino, 1995 This study reconsiders Wyndham Lewis's adversarial role in the modernist movement through a close reading of his prodigious satire of 1920s cultural politics It presents a new interpretation of *The Apes of God* as a Menippean satire with attention to its style characterization allegory and historiography and to Lewis's polemics of the period Previous studies have emphasised Lewis's external method of visual narration and the personal attacks on the London art world This one also treats the rhetorical and parodic elements in his mechanistic caricatures of literary impressionism and its proponents besides the theory of participation and the player behind his schizoid image of the modern subject The study reinterprets the apprenticeship plot as a carnivalesque discrowning based on the primitive themes of the shaman and the scapegoat It explores the ways in which the discursive broadcasts on the social exploitation of a subjectivist aesthetic publicity as imposture cultural levelling are dramatized in the sado masochistic bond between impresario and naif and in the contradiction of carnival institutionalized Lewis is shown using his rivals mythic method to implicate the avant garde itself in nascent mass culture The study includes an analysis of the scandal surrounding Lewis's private edition of *The Apes* and the defence of non moral satire presented in his subsequent pamphlet *Satire and Fiction* Drawing upon unpublished manuscripts and correspondence it demonstrates how Lewis's own devious publicity campaign re enacted the crux of the novel and epitomized his conflicts with his contemporaries
