Apologia De Socrates:

Apologia Socrates Plato, Atollah Renanda Yafi, 2019 Apologia Socrates berisi catatan pidato yang dibuat Socrates di persidangan ketika dia dituduh tidak mengakui dewa-dewa yang diakui negara menciptakan dewa-dewa baru dan merusak para pemuda Athena. Namun ucapan Socrates sama sekali berbeda dengan permintaan maaf dalam pemahaman kita saat ini. Nama dialog berasal dari bahasa Yunani yang berarti pertahanan atau pidato yang dibuat sebagai pembelaan. Dengan demikian dalam Apologia Socrates berusaha untuk membela diri dan perilakunya tentu saja tidak meminta maaf untuk itu. Buku ini dilengkapi dengan sebuah interpretasi kontroversial dan segar atas Apologia Socrates. Dengan memainkan perhatian intim yang tak biasa terhadap apa yang Socrates tunjukkan atas makna dan hakikat dari ironinya David Leibowitz sampai pada kesimpulan eksentrik tentang ajaran Socrates atas kebajikan politik dan dewa-dewa keterkenalannya yang beralih dari filsafat alam menuju filsafat politik dan tujuan atas orasi pembelaannya yang kurang ajar Leibowitz menunjukkan bahwa Socrates bukan sekadar figur unik dan pusparagam dari masa lalu melainkan juga penunjuk menuju hidup yang baik. Kehidupan bijaksana yang sangat relevan untuk masa sekarang sebagaimana saat di Athena kuno. Berdasarkan pada pemahaman segarnya atas dialog Socrates secara umum dan cerita Orakel Delphi secara khusus Leibowitz berusaha untuk menunjukkan bahwa Apologia adalah kunci untuk menuju korpus Platonik mengindikasikan betapa banyaknya tema yang berbeda dan kesimpulan yang tampak saling bertentangan dari dialog Socrates lainnya yang justru saling bertautan.

Apología de Sócrates Platón, 1949 **Apología de Socrates** Platón, 2022-07-07 La Apología de Socrates escrita por Platón no mucho después del juicio y condena de su maestro es un documento fundamental para que conozcamos a Socrates Platón recrea el alegato pronunciado por el filósofo ante el tribunal que finalmente lo condenó a muerte. El escrito apunta sobre todo a relevar las verdaderas motivaciones de la actividad filosófica de Socrates en Atenas mostrando la injusticia de las acusaciones. La vivacidad del retrato así como la penetración filosófica con que Platón reconstruye las razones alegadas ha influido fuertemente en la posterior recepción de esta figura de la filosofía. De este modo Platón presta una contribución decisiva en la constitución de uno de los paradigmas morales más importantes de la cultura de Occidente. *Apología de Sócrates* Conrado Eggers Lan, 1997 **Apología de Sócrates** Platão, 1955 **Apología de Sócrates** Platón, 1997 En los albores mismos del nacimiento de la filosofía Platón plantea utilizando la didáctica forma del diálogo buena parte de los principales problemas que han ocupado desde entonces al pensamiento filosófico. La Apología de Socrates es una obra de Platón 427-347 a.C. que da una versión del discurso que Socrates pronunció como defensa ante los tribunales atenienses en el juicio en el que se le acusó de corromper a la juventud y no creer en los dioses de la polis. Apología de Sócrates Platón, 2019-12-18 En Apología de Socrates diálogo compuesto entre 393 y 389 a.C. Platón c. 427-347 a.C. ofrece una versión de la defensa que hizo de sí mismo Socrates frente al jurado de Atenas tras ser acusado de corromper a los jóvenes y despreciar a los dioses. El diálogo perteneciente al ciclo platónico de obras socráticas o de juventud además de rescatar el texto de la apología defensa ante el

tribunal constituye la apología o elogio que hace Platón de su maestro Apología de Sócrates Platón, 2015-02-01 Nació en Atenas en el 427 a. C. De familia noble es seguro que vio en el ejercicio de la política su propio ideal de vida pero según dice él mismo la convivencia con Sócrates y la injusta condena a muerte de éste le hicieron desistir de sus ambiciones. No obstante emprendió algunos viajes con propósitos políticos. En el año 399 fue a Megara y de allí viajó a Creta, Egipto y Cirene retornando a Atenas hacia el 396. En el 388 emprendió su segundo viaje esta vez a Tarento y Sicilia donde hizo amistad con la familia del tirano de Siracusa Dionisio I el Viejo que acabó por venderle como esclavo. Comprado y puesto en libertad por su amigo Amónceris regresó a Atenas donde con el dinero del rescate que su amigo se negó a aceptar fundó la Academia en honor del héroe Academos y en ella se dedicó a la filosofía, a la ciencia y a la educación de los jóvenes. El año 387 la Academia platónica pues fue fundada con el precio de un esclavo. Volvió nuevamente a Siracusa con el fin de poner en práctica sus ideas políticas. Dionisio el Joven que entonces reinaba allí lo había llamado. Era el año 366. Fue nuevamente desterrado sin poder hacer lo que pretendía. Todavía había de volver una vez más en el 361 hasta que por fin se retiró definitivamente a Atenas el 360 donde permaneció hasta su muerte en el 347 a. C. Aquí se ve que la Apología de Sócrates si bien está escrita en la forma ordinaria de las defensas forenses en el fondo es menos política que filosófica y Platón no la ha sometido tanto al examen de los ciudadanos de Atenas como la de los filósofos y moralistas de todos los países. Si su objeto principal hubiera sido justificar civilmente la conducta de su maestro su defensa sería a pobre porque no consiguió probar ni la falsedad de las acusaciones intentadas contra Sócrates ni su inocencia ante las leyes atenienses. Sócrates había atacado realmente la religión y las instituciones religiosas de Atenas. Esta es la cuestión. Siendo la religión como las leyes mismas una parte esencial de la constitución el atacarla sea valiéndose de la ironía por medio de una polémica franca era un crimen de Estado. Además no sólo era un derecho sino que era un deber en todo ciudadano acusar y perseguir públicamente ante los tribunales al autor de tales ataques. Y es preciso confesar que el hombre que en Eutifron se burla de los dioses del Olimpo que califica de cuentos insensatos las tradiciones mitológicas y de trágico ridículo las ceremonias del culto el hombre que se pone en guerra abierta con el politeísmo no podía sustraerse la acusación de impiedad. Aquí por qué Platón le defiende mal. Pero decir verdad importa poco sus ojos y quizá entraba en su plan sacrificar la defensa legal fin de probar la superioridad moral de su maestro sobre los hombres de su tiempo por la profunda incompatibilidad de sus creencias con las de éstos. Sócrates no hubiera aparecido como un gran filósofo si hubiera sido absuelto. Entre otros caracteres su originalidad no consiste en haber creído en un solo Dios en pleno politeísmo. Y no consiste su grandeza en haberlo dicho y en haber muerto por haberse atrevido decirlo. Del Argumento de Patricio de Azcárate

Apología de Sócrates Platón, 2005 **Apología de Sócrates** Platón, 2024-10-16 Apología de Sócrates es una defensa apasionada de los principios filosóficos de Sócrates expuesta en forma de discurso durante su juicio en Atenas. Platón su discípulo presenta un relato en el que Sócrates se enfrenta a las acusaciones de corromper a la juventud y de no respetar a los dioses de la ciudad. A lo largo de su defensa Sócrates afirma su compromiso con la verdad y la sabiduría desafiando a sus

acusadores y revelando las contradicciones e incoherencias en sus argumentos En esta obra Platón destaca la importancia del cuestionamiento filosófico y la vida reflexiva Sócrates argumenta que una vida sin examen no merece ser vivida subrayando su dedicación a la búsqueda de la virtud y la justicia La Apología es al mismo tiempo una crítica a la ignorancia y superficialidad de los ciudadanos atenienses quienes según Sócrates se preocupan más por la riqueza y el prestigio que por el verdadero conocimiento Desde su creación Apología de Sócrates ha sido una obra fundamental en la historia del pensamiento occidental influyendo en la crítica filosófica y la educación La figura de Sócrates como defensor de la verdad ha perdurado como símbolo de la integridad intelectual y la resistencia frente a las presiones sociales y políticas A través de este relato Platón inmortaliza la valentía de su maestro invitando a las generaciones futuras a reflexionar sobre el significado de una vida dedicada al bien común y al conocimiento profundo

Apología de Sócrates Platón, 2010-06-10 En Apología de Sócrates diálogo compuesto entre 393 y 389 a.C Platón c 427-347 a.C da una versión de la defensa del mismo Sócrates tras ser acusado de corromper a los jóvenes y despreciar a los dioses La apología refleja la defensa de Sócrates frente al jurado de Atenas de manera que apología tiene el significado original de defensa formal de las opiniones de uno El diálogo perteneciente al ciclo platónico de obras socráticas o de juventud rescata el texto de la apología defensa de Sócrates ante el tribunal así como constituye la apología elogio que hace Platón de su maestro Sócrates comienza el diálogo diciendo que no sabe si los atenienses han sido ya persuadidos por los que lo acusan Este comienzo es crucial para establecer el tema del discurso pues es frecuente que Platón comience sus diálogos socráticos exponiendo la idea general del texto Sócrates pide al jurado que no le juzgue por sus virtudes oratorias sino por la verdad que estas convocan A su vez asegura que no va a utilizar ornamentos retóricos ni frases cuidadosamente preparadas sino que va a proferir lo que se le pase por la cabeza las mismas palabras que utilizará en el gora y en las reuniones a pesar de esto demuestra ser un maestro en retórica no solo elocuente y persuasivo sino habil con el jurado Con todo este discurso que durante más de dos milenios se ha ganado el favor de los lectores no consigue ganarle el juicio Sócrates fue condenado a muerte y ha sido admirado por su serena aceptación de la sentencia
