

African American Scientists

Robert E. Hayden

African American Scientists:

Distinguished African American Scientists of the 20th Century James H. Kessler, J. S. Kidd, Renee A. Kidd, Katherine A. Morin, 1996-01-08 From George Washington Carver to Dr Mae Jemison African Americans have been making outstanding contributions in the field of science This unique resource goes beyond the headlines in chronicling not just the scientific achievements but also the lives of 100 remarkable men and women Each biography provides an absorbing account of the scientist's struggles which often included overcoming prejudice as they pursued their educational and professional goals

Notable Black American Scientists Kristine M. Krapp, 1999 Profiles approximately 250 black Americans who have made contributions to the sciences including inventors researchers award winners and educators **7 African-American**

Scientists Robert C. Hayden, 1992 Examines the lives and achievements of seven black Americans who left their mark through scientific work from Benjamin Banneker to Matthew Henson **Black Pioneers of Science and Invention** Louis Haber, 1991 Traces the lives of fourteen black scientists and inventors who have made significant contributions in the various fields of science and industry Seven African-American Scientists Robert E. Hayden, 1992-09-01 *African Americans in*

Science, Math, and Invention Ray Spangenburg, Diane Moser, Douglas Long, 2014-05-14 The astronauts physicists chemists biologists agriculture specialists and others who have dedicated their lives to improving humankind's knowledge and understanding of the universe through science math and invention are **Black Stars** Otha Richard Sullivan, 2012-06-05

Meet African American women of science and invention from the early years to modern Times Patricia Bath M D Miriam E Benjamin Ursula Burns Alexa Canady M D Jewel Plummer Cobb Ph D Ellen F Eglin Angela D Ferguson M D Sara E Goode Evelyn Boyd Granville Ph D Dannellia Gladden Green Ph D Bessie Blount Griffin Betty Wright Harris Ph D Shirley Ann Jackson Ph D Aprille Joy Ericsson Jackson Ph D Mae Jemison M D Marjorie Stewart Joyner Ph D Mary Kenner Reatha Clark King Ph D Annie Turnbo Malone Mildred Austin Smith Valerie Thomas Madame C J Walker Jane Cooke Wright M D Roger Arliner Young Ph D Chavonda J Jacobs Young Ph D **African-American Scientists** Pat McKissack, Fredrick

McKissack, 1994 Examines the lives and achievements of African American scientists from colonial days to the present including Benjamin Banneker George Washington Carver and several black astronauts **Blacks and Science Volume Two** Robin Walker, 2013-10-16 Blacks and Science Volume Two Did YOU know any of the following facts o The Bamoun Kingdom now in today's Cameroon has 7 000 surviving manuscripts in their own script o Timbuktu astronomers used the cosine tangent cotangent secant and cosecant functions of trigonometry o The Dogon of Mali had an early and wholly indigenous notion of big bang derived from a singularity o A number of iron and copper tools were excavated in Senegal that dated from 2800 BC o The total amount of gold mined in the desert regions of West Africa to the year 1500 was 35 billion at 1998 gold prices o A surviving sixteenth century Timbuktu manuscript has a formula for making toothpaste and adds that regular brushing of your teeth removes bad breath o A 1342 text published in Cairo mentions two royal Malian voyages

sailing across the Atlantic involving hundreds of vessels o The Royal Palace of the Ashanti Empire contained a suite of apartments on its upper floor that reminded a visitor to the palace of Wardour Street in Central London o Glass was manufactured at the Yoruba capital of Ile Ife in the sixth century o According to New Scientist there are even surviving Timbuktu manuscripts that deal with climatology Blacks and Science Volume Two is largely a synthesis of previously published Kindle e books or lecture essays West African Contributions to Science and Technology combined with Intellectual Life and Legacy of Timbuktu However new information not present in either e book has been added on East Africa This book is a general introduction to the role played by the West and East Africans in the evolution of Mathematics Astronomy Physics Metallurgy Medicine Surgery Boat Building Navigation Architecture and Crafts Industry It also discusses the content importance and implications of the recently rediscovered manuscripts of Timbuktu *African American Firsts in Science & Technology* Raymond B. Webster,1999 Presents capsule accounts of notable first achievements by African Americans arranged in the categories Agriculture and Everyday Life Dentistry and Nursing Life Science Math and Engineering Medicine Physical Science and Transportation **African American Scientists and Inventors** Tish Davidson,2012-04-01 Discusses African American contributions to science and invention **African American Inventors & Scientists** Joanne Randolph,2017-12-15 From soil preserving crop rotation methods and innovative beauty products to the filaments that made electric light bulbs possible and laser probes that correct cataracts African American inventors and scientists have revolutionized daily life in the modern world With profiles of towering figures like George Washington Carver Madam C J Walker and Mae Jemison this inspiring collection celebrates the often unsung and little known accomplishments and innovations of African American scientists engineers inventors and entrepreneurs They overcame injustice prejudice and inequality of access to triumph in every American field of endeavor from agriculture to the space program Brilliant African-American Scientists Jeff C. Young,2009-01-01 Discusses the lives and accomplishments of scientists who persevered in the name of science Contributions of African American Scientists to the Field[s] of Science, Medicine, and Inventions Robert B. Sanders,2010 Scientists included in this book represent the fields of biochemistry biology chemistry computer science dentistry engineering entomology genetics geology mathematics medicine nursing physics psychology sociology zoology and inventions Described here are African American men and women who have contributed to the advancement of science including inventions These individuals have contributed in large and small ways that might have been overlooked when chronicling the history of science African-American Scientists Jetty St. John,1996 Brief biographies of five African American scientists of this century African American Scientists and Inventors Tish Davidson,2014-09-02 Some of them were elementary school dropouts Others became medical doctors or college professors Some were famous while some toiled in obscurity Some became rich Others remained poor their whole lives But the African American scientists and inventors profiled in this book had one thing in common a determination to succeed And in pursuing their dreams these creative

thinkers made the world a better place Lewis Latimer devised a manufacturing process that made electric lights affordable for ordinary people Charles Drew did pioneering work in blood storage helping save countless lives Garrett Woods figured out how to send messages from moving trains Learn about these and many other black scientists and inventors in this fascinating book *African American Pioneers in Science: Past and Present* Monica L. Kelly, 2013-04-15 African American scientists and inventors have made and are making invaluable contributions to the scientific world This book identifies African American scientists and inventors that may be unknown to us but not to those in the scientific community This book also includes scientific experiments and methods that demonstrate and expand the scientific principles involved The book is divided into different scientific disciplines with biographical information information on their contributions and other scientists in the same discipline This book can also serve as a great tool for science teachers to reveal the contributions of African Americans in science during Black History month and beyond [African American Pioneers in Science](#) Monica Kelly, 2013-04-15 African American scientists and inventors have made and are making invaluable contributions to the scientific world This book identifies African American scientists and inventors that may be unknown to us but not to those in the scientific community This book also includes scientific experiments and methods that demonstrate and expand the scientific principles involved The book is divided into different scientific disciplines with biographical information information on their contributions and other scientists in the same discipline This book can also serve as a great tool for science teachers to reveal the contributions of African Americans in science during Black History month and beyond **Contributions of African American Scientists to the Fields of Science, Medicine, and Inventions, Second Edition** Robert B. Sanders, 2015 Scientists included in this book represent the fields of biochemistry biology chemistry computer science dentistry engineering entomology genetics geology mathematics medicine nursing physics psychology sociology zoology and inventions Described here are African American men and women who have contributed to the advancement of science including inventions These individuals have contributed in large and small ways that might have been overlooked when chronicling the history of science All individuals included here were listed in the published literature The author conducted no interviews and no suggestions were accepted solely on the basis of hearsay There is no intent to be all inclusive The selections were strictly the author's Many important contributions have been omitted especially those of recent years because a limit had to be set This book shows that African Americans made many contributions to the sciences medicine education and inventions as slaves as freed persons and as immigrants They made contributions during the period of slavery segregation sharecropping and the modern era Their contributions had and continue to have an impact on the economy of the United States and the convenience education health safety security and welfare of its citizens These contributors improved the economic well being of individuals and groups of individuals They saved lives improved the health of people alleviated much pain and suffering and raised the levels of education and knowledge The activities and deeds of George

Washington Carver Ernest Everett Just Percy Lavon Julian and Charles Richard Drew who are arguably the greatest of the African American scientists and who have made great contributions exemplify these characteristics Some of their research creations and contributions will have an influence at home and abroad well into the future *Contributions of African American Scientists to the Fields of Science, Medicine, and Inventions* Robert B. Sanders, 2015 Scientists included in this book represent the fields of biochemistry biology chemistry computer science dentistry engineering entomology genetics geology mathematics medicine nursing physics psychology sociology zoology and inventions Described here are African American men and women who have contributed to the advancement of science including inventions These individuals have contributed in large and small ways that might have been overlooked when chronicling the history of science
