The Gifts of Africa Jeff Pearce,2022-04-15 The West will begin to understand Africa when it realizes it s not talking to a child it s talking to its

mother So writes Jeff Pearce in the introduction to his fascinating groundbreaking work *The Gifts of Africa How a Continent and Its People Changed the World* We learn early on in school how Europe and Asia gave us important literature science and art and how their nations changed the course of history But what about Africa There are plenty of books that detail its colonialism corruption famine and war but few that discuss the debt owed to African thinkers and innovators In *The Gifts of Africa* we meet Zera Yacob an Ethiopian philosopher who developed the same critical approach and several of the same ideas as Ren Descartes We consider how Somalis traded with China and we meet the African warrior queens who still inspire national pride We explore how Liberia s Edward Wilmot Blyden deeply influenced Marcus Garvey and we sneak into the galleries and theaters of 1920s Paris where African art and dance first began to make huge impacts on the world Relying on meticulous research Pearce brings to life a rich intellectual legacy and profiles modern innovators like acclaimed griot Papa Susso and renowned economist George Ayittey from Ghana From the ancient Nubians to a Nigerian superstar in modern painting and sculpture from the father of sociology in the Maghreb to how the Mau Mau in Kenya influenced Malcom X *The Gifts of Africa* is bold engaging and takes the reader on a journey of thousands of years up to the present day Past works have reinforced misconceptions about Africa from its oral traditions and languages to its resistance to colonial powers Other books have treated African achievements as a parade of honorable mentions and novelties This book is different refreshingly different It tells the stories behind the milestones and provides insights into how great Africans thought and how they passed along what they learned Provocative and entertaining *The Gifts of Africa* at last gives the continent its due and it should change the way we learn about the interactions of cultures and how we teach the history of the world
