Africans In Bondage:

Dear African Americans Osodi Em Echezonam,1996 **Africans in Bondage** Philip D. Curtin,Paul E. Lovejoy,University of Wisconsin--Madison. African Studies Program,1986 **Africans in Bondage** Paul E. Lovejoy, *Blacks in Bondage* Robert S. Starobin,1974 The 1974 original publication of *Blacks in Bondage* Letters of American Slaves marked a watershed in slavery studies Before it appeared historians were resigned to studying American slavery mainly through the testimony of white and the distant recollections of blacks who had been free for many years It took this compilation of documents gathered by Robert S Starobin to convince historians that it was possible to study American slavery from the perspective of blacks living under it or only recently freed The letters show that in spite of legal and practical obstacles many slaves managed to become literate or else desired to and that slaves given greater autonomy or the hope of freedom always worked more diligently The spirit of protest is amply evidenced Included in the collection are depositions of members of the Gabriel Conspiracy of 1800 a plan for a large scale slave revolt which was betrayed from within The letters are grouped according to the status of their authors at the time of composition for example slaves seeking to gain their freedom fugitives and freedmen living in Liberia Starobin s commentaries give the writers backgrounds and guide the reader in interpreting the texts many of which conceal subtexts full of mockery and defiance publisher s description **People in Bondage** L. H. Ofosu-Appiah,1993 A history of the enslavement of Africans in different places and in different cultures how it happened and what it was like **People in Bondage** L. H. Ofosu-Appiah,1971 A history of the slave trade from ancient and medieval times to its abolition after the Civil War **Inhuman Bondage** David Brion Davis,2008-06-05 Davis begins with the dramatic Amistad case and then looks at slavery in the American South and the abolitionists who defeated one of human history s greatest evils *Out of the House of Bondage* Gad J. Heuman,1986 Slave rebellions have been studied in considerable detail but this volume examines other patterns of slave resistance concentrating on runaway slaves and the communities some of them formed These essays show us who the runaways were suggest when and where they went and who harboured them *Pawnship In Africa* Toyin Falola,Paul E Lovejoy,1994-06-16 Pawnship a legal category of social and economic dependency has been largely neglected in the historiography of Africa Yet the labor of pawns freeborn women men and children indentured in payment of interest on a debt was an important supplement to that of slaves in the precolonial and colonial eras and a substitute for slave labor in the twentieth century This book examines the origins of pawnship the economic factors that contributed to its spread the ideological and institutional framework that supported pawnship its organization the experience of pawns the role of class gender and age changes under colonial rule and the decline and extinction of pawnship **The African Repository** ,1849 *African Repository and Colonial Journal* ,1848 **Resisting Bondage in Indian Ocean Africa and Asia** Edward A. Alpers,Gwyn Campbell,Michael Salman,2007-01-24 This volume examines the various abolitionist impulses in the Indian Ocean World during the nineteenth and twentieth centuries and

assesses their efficacy within a context of a growing demand for labour resulting from an expanding international economy and European colonisation

Recent Themes in the History of Africa and the Atlantic World Donald A. Yerxa, 2008
Described as the New York Review of Books for history Historically Speaking has emerged as one of the most distinctive historical publications in recent years actively seeking out contributions from a pantheon of leading voices in historical discourse This collection of articles and forums by prominent historians explores the relationship of Africa to world history maps the current state of the burgeoning field of Atlantic history and debates the accuracy of Olaudah Equiano's seminal narrative The standard approach of world historians often compresses the African past into interpretive frameworks that leave Africans without a history of their own Joseph C Miller makes the case here for an alternative approach a multicentric world history that gives voice to the various ways Africans experienced the past and an impressive array of Africanist and world historians respond The volume also assesses the state of the field of Atlantic history and includes a spirited forum on Vincent Carretta's provocative thesis that Olaudah Equiano author of the most important account available of the horrific Middle Passage was actually born in South Carolina and not Africa

Critical Terms for the Study of Africa Gaurav Desai, Adeline Masquelier, 2018-12-07 For far too long the Western world viewed Africa as unmappable terrain a repository for outsiders' wildest imaginings This problematic notion has had lingering effects not only on popular impressions of the region but also on the development of the academic study of Africa Critical Terms for the Study of Africa considers the legacies that have shaped our understanding of the continent and its place within the conceptual grammar of contemporary world affairs Written by a distinguished group of scholars the essays compiled in this volume take stock of African studies today and look toward a future beyond its fraught intellectual and political past Each essay discusses one of our most critical terms for talking about Africa exploring the trajectory of its development while pushing its boundaries Editors Gaurav Desai and Adeline Masquelier balance the choice of twenty-five terms between the expected and the unexpected calling for nothing short of a new mapping of the scholarly field The result is an essential reference that will challenge assumptions stimulate lively debate and make the past present and future of African Studies accessible to students and teachers alike

Colonial Journal ,1967 **Slavery, Migration and Contemporary Bondage in Africa** Joel Quirk,Darshan Vigneswaran,2013 Slavery in Africa is commonly associated with the distant past images of maritime slavery in the Gold Coast Biafra Angola and Zanzibar together with the horrors of the Middle Passage to the Americas However widespread evidence of human trafficking wartime enslavement and other forms of bondage still exists in Africa today The essays in this volume shed light on these issues by placing historical events in context with contemporary practices of slavery It also seeks to provide possible solutions to the problem
