Afrocentricity Malcolm X And Alislam:

Afrocentricity, Malcolm X, and Al-Islam Mustafa El-Amin, Ansari Nadir, 1993 *Muslims on the Americanization Path?* Yvonne Yazbeck Haddad, John L. Esposito, 2000-05-11 Islam is the fastest growing religion in the United States There are more Muslims in America than in Kuwait Qatar and Libya together Leaving aside immigration and conversion birthrate alone ensures that in the first part of the twenty first century Islam will replace Judaism as the nation s second largest religion Like all religious minorities in America Muslims must confront a host of difficult questions concerning faith and national identity Can they become part of a pluralistic American society without sacrificing their identity Can Muslims be Muslims in a state that is not governed by Islamic law Will the American legal system protect Muslim religious and cultural differences Is there a contradiction between demanding equal rights and insisting on maintaining a distinctively separate identity Will the secular and or Judeo Christian values of American society inhibit the Muslim practice of religious faith While the Muslims of America are indeed on the path to Americanization what that means and what that will yield remains uncertain In this thoughtful and wide ranging volume fourteen distinguished scholars take an in depth look at these issues and examine the varied responses and opinions of the Muslim community Black Crescent Michael A. Gomez, 2005-03-21 Beginning with Latin America in the fifteenth century this book first published in 2005 is a social history of the experiences of African Muslims and their descendants throughout the Americas including the Caribbean The record under slavery is examined as is the post slavery period into the twentieth century The experiences vary arguably due to some extent to the Old World context Muslim revolts in Brazil are also discussed especially in 1835 by way of a nuanced analysis The second part of the book looks at the emergence of Islam among the African descended in the United States in the twentieth century with successive chapters on Noble Drew Ali Elijah Muhammad and Malcolm X with a view to explaining how orthodoxy arose from varied unorthodox roots *Metaphysical Africa* Michael Muhammad Knight, 2020-09-15 The Ansaru Allah Community also known as the Nubian Islamic Hebrews AAC NIH and later the Nuwaubians is a deeply significant and controversial African American Muslim movement Founded in Brooklyn in the 1960s it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system In this book Michael Muhammad Knight studies the development of AAC NIH discourse over a period of thirty years tracing a surprising consistency behind a facade of serial reinvention It is popularly believed that the AAC NIH community abandoned Islam for Black Israelite religion UFO religion and Egyptosophy However Knight sees coherence in AAC NIH media explaining how in reality the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law Muhammad s heavenly ascension took place on a spaceship and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people Against narratives that treat the AAC NIH community as a postmodernist deconstruction of religious categories Knight demonstrates that AAC NIH discourse is most productively framed within a broader African American metaphysical history in which

boundaries between traditions remain quite permeable Unexpected and engrossing Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct In doing so it helps move the field of religious studies beyond conventional categories of orthodoxy and heterodoxy challenging assumptions that inform not only the study of this particular religious community but also the field at large

Afrocentric Myth Or Islam Abubakr Ben Ishmael Salahuddin,1995 The fallacy of racialist thinking including Black Nationalism as a solution for the problems of racial identity in America Race and colour are fundamentally myths or hang ups Malcolm X s vision How Islam has always transcended race

An Enchanting Darkness Dennis Hickey,Kenneth C. Wylie,1993 An Enchanting Darkness the American Vision of Africa in the Twentieth Century is more than just another look at racism cultural bias and the images that under gird widely held misconceptions about an entire continent Going beyond convention this important new work analyzes the way truisms and stereotypes have perpetuated negative and naive images of Africa and its people Dennis Hickey and Ken Wylie probe the reasons why such unfortunate views have persisted even among groups of supposedly well educated Americans They examine the concept of the Noble Savage and trace its evolution within the media of our popular culture and within the literature produced by scholars American perceptions of Africa are shown to have been influenced by French philosopher Jean Jacques Rousseau s ideas research undertaken by anthropologists Franz Boaz and Melville Herskovits and by nine decades of pervasive imagery presented by twentieth century writers like Saul Bellow Laura Bohannon Edgar Rice Burroughs Alex Haley Ernest Hemingway Paul Theroux Maria Thomas John Updike and Alice Walker Finally An Enchanting Darkness examines the symbolic conventions presented to the American public that also have been manipulated to create counter myths that are as hollow and destructive as the older shibboleth of Africa as a dark continent

Malcolm X James L. Conyers,Andrew P. Smallwood,2008 Much has been written on the life and work of Malcolm X one of the most important Black leaders of the twentieth century Editors Conyers and Smallwood have assembled an impressive array of contributors whose works reflect their expertise in the fields of history sociology social work religion literature labor and management and Africana studies The essays fuse social science humanistic and professional studies methods as they look at Malcolm X and his contributions in place space and time The objective of the essays is simple and straightforward First the book hopes to challenge scholars in Africana studies to re examine and re emphasize Africana leadership of the nineteenth and twentieth century Certainly the idea of this reclamation is critical to examining agency and sovereignty of African people Second the articles promote the implementation of Afrocentric meta theories in order to describe and evaluate Africana phenomena

Lastly the contributions offer readers interdisciplinary tools for restoring connecting and retaining the cultural milieu of Africana accomplishments **An Afrocentric Study of the Intellectual Development, Leadership Praxis, and Pedagogy of Malcolm X** Andrew P. Malcolm X: The Pragmatic Nationalist Lukmaan Hakim Khan Seekdaur,2014-02-01 This book tracks the evolution of Malcolm X from a racist espousing the essentialist ideals of the Nation of Islam to a human rights activist aware of the broader early 1960 s struggle against imperial forces Central to this was his strategic use of race to unite African American initially and then the oppressed people in the world Race was used as a strategy with the aim to abolish racial oppression In the first chapter of this study we look at the constraints most notably the white power structure present in the United States during the mid 1960s which on one hand gave form to Malcolm s thinking and on the other made it necessary for Malcolm to add an international dimension to his thinking The second chapter explores Malcolm s racial theorising in 1964 65 when he identified the two stages which were necessary for the attainment of a colour blind society While Africa as both idea and place served as a cultural base it also acted as a springboard to an international coalition of oppressed people By linking the domestic and the international politics of Malcolm X this study highlights the sense of purpose with which Malcolm X articulated his arguments concerning the future of the African American community and their involvement in the American society The Cambridge Companion to Malcolm X Robert Terrill,2010-05-17 This Companion presents new perspectives on Malcolm X s life and legacy for students of American history
