SHADOW WARS Onur DILER, Magic has been in the world for a long time both those who use it and those who hunt it Just because you don't see them doesn't mean they aren't there They all came from a planet called Mhir when mankind began to develop They had technology theology and magic while we only had leather armor and bronze swords The first colony they founded was Atlantis They were the only power the only rulers on a new and untouched world They left evidence of their presence in many places high pyramids Over time the masters of magic who had the power of magic became tyrants Not all of them of course but tyrants inscribed themselves on monuments in books in songs Some of their names are remembered to this day Zeus Poseidon Apollo Ra Nemesis Amaterasu every one of them were ancient sorcerers They were so powerful that they declared their godhood against us wretches in leather armor and bronze swords But some people want to be free even against a god The free ones rebelled when the time came and freed others from their shackles But that was thousands of years ago Now the struggle between magic magician and mankind is about to take shape again This is the story of the opening of the Gates of Tahmendar a time of cataclysm and the opening of the Tahmendar Gates initiated by the sorcerers unquenchable desire to become gods Like every book with the Tales of the Forbidden City logo there is a connection between logic and fiction Fate's creation of
