The After Dark Collection Lauren Blakely, 2020-02-18 A collection of the first three books in the Gift Series The Engagement Gift The Virgin Gift and The Decadent Gift The Engagement Gift Some things are better left unsaid Besides I don't need to act on every wild thought that flits through my imagination not when my fiancé and I have the kind of life I've always longed for passionate intimate and oh so real I can't risk losing him so I focus on building our life together as a couple But the more insistent my thoughts become the closer I get to telling him what I want most The Virgin Gift I might still carry my V card but I know exactly what I want in a man Smart charming and oh so skilled Too bad I haven't found him yet But maybe he's found me Because when my charming laid back next door neighbor discovers a secret list I keep he volunteers to work through every single item on it Including the last one at the end we walk away and stay friends I say yes to his offer and that's when I discover another side to him A side I adore A side I crave He's commanding intense and everything I've ever wanted But as we check things off one by one I find myself breaking the most important rule of all And I have no idea what it will do to my heart The Decadent Gift The rules of the game were simple One weekend We play our roles Actually we play lots of roles I get the info I need for a secret work project We go back to how we were That's what I proposed to handsome clever commanding Jake That's what he said yes to this decadent gift of a weekend that would get me out of trouble But that's not what happened when our nights together in Vegas ended

Middlebrow Modernism Melinda J. Cooper, 2022-10-01 Eleanor Dark 1901-85 is one of Australia's most innovative 20th century writers Her extensive oeuvre includes ten novels published from the early 1930s to the late 1950s and represents a significant engagement with global modernity from a unique position within settler culture Yet Dark's contribution to 20th century literature has been undervalued in the fields of both Australian literary studies and world literature Although two biographies have been written about her life there has been no book length critical study of her writing published since 1976 Middlebrow Modernism counters this neglect by providing the first full length critical survey of Eleanor Dark's writing to be published in over four decades Focusing on the fiction that Dark produced during the interwar years and reading this in the context of her larger body of work this book positions Dark's writing as important to the study of Australian literature and global modernism Melinda Cooper argues that Dark's fiction exhibits a distinctive aesthetic of middlebrow modernism which blends attributes of literary modernism with popular fiction It seeks to mediate and reconcile apparent binaries modernism and mass culture liberal humanism and experimental aesthetics settler society and international modernity The term

middlebrow modernism also captures the way Dark negotiated cosmopolitan commitments with more place based attachments to nation and local community within the mid 20th century Middlebrow Modernism posits that Dark s fiction and the broader phenomenon of Australian modernism offer essential case studies for larger debates operating within global modernist and world literature studies providing perspectives these fields might otherwise miss
