*After-image* Leona Gom,1996 While trying to save her marriage and stay sober Vicky Bauer witnesses a murder and when no one not even her husband believes her Vicky must figure out what is going on before she too is killed The Y Chromosome Leona Gom,2019-05-11 The Y Chromosome challenges the reader to meet an all woman society of the future The few remaining men live in hiding When one of these men is discovered the resulting conflict threatens both worlds The futurist society was developed by necessity and is far from perfect but it now abhors its male dominated past where violence escalated to an extreme The journals of a man who lived during The Change reveal the desperate turmoil and anger of a world facing the extinction of half its members The journals are now part of university history courses leading to assessments of the past that are both ironic and disturbing Despite its striking differences to our world today there are uncomfortable similarities Taut and gripping a page turner at its very best the novel asks important and fundamental questions about who we are as women and men and what we will do to survive Originally written and published thirty years ago to enthusiastic reviews The Y Chromosome is even more relevant today *Mystery Women, Volume Three (Revised)* Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 **Canadian Books in Print. For some reason people who have caused Vicky difficulties are now the subjects of acts of violence Moreover Vicky has a new neighbour to whom she is extremely attracted His young son however seems troubled and destructive in stark contrast to his affectionate twin sister Much more than a mystery Double Negative uses the genre to pose questions about guilt family abuse and violence and the complexities of life s important relationships
