Prose Pieces. Aftertexts Richard Kostelanetz, 1987     *A Dictionary of the Avant-Gardes*, 2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture     **Aftertexts** Richard Kostelanetz, 1987

*Life Strategies (draft), Part two: Literature* Florentin Smarandache, 2008-01-01 Think like a man of action act like a man of thought says H Louis Bergson This small book collects some ideas hints and methods in various aspects of art and literature You will find novel ideas for experimental literature new genre of poems and countless other things about nothing If for nothing else the random sentences listed here at least can stimulate further thoughts and ideas for instance young writers and artists may find plenty of interesting ideas for their next literary work or best selling novels in Experimental Literature section In a sense this book itself is an experimental one Needless to say the readers may find that some of these ideas are quite absurd or seemingly outlandish just like the idea of improper courses in Umberto s Foucault Pendulum where the personages discuss possibility to teach absurd courses such as City planning for Gypsies etc I started to write down such ideas since I was a high school student and continue even today I always bear with me a small pen and small notebook where I write in the plane or driving my car or even in class room But I hope that despite three decades of postponement this small book will keep on inspiring the reader as good ideas will always be worth to ponder     *Some Other Frequency* Larry McCaffery, 1996 McCaffery converses with the young recklessly daring and furiously productive William Vollmann and with Marianne Hauser who published her first novel nearly sixty years ago with Native American trickster novelist Gerald Vizenor and guerrilla writer Harold Jaffe whose literary technique is to plant a bomb sneak away with stark minimalist Lydia Davis and text and collage artist Derek Pell with muscular pop icon Mark Leyner and proto punk diva Kathy Acker They are a diverse lot shaped by very different literary and personal influences and addressing divergent readerships     *Sipapu*, 1989

Paperbound Books in Print, 1992     **Contemporary Dramatists** D. L. Kirkpatrick, James Vinson, 1988     *One Million Words of Book Notes, 1958-1993* Richard Kostelanetz, 1996 Kostelanetz excels for instance at astutely cynical debunkings of many of the radical chic culture heroes of the 60s He can be scathingly funny as well deflating both the over rated trendy avant gardists and the New York Intellectual elders who tyrannized the time As a meticulously reconstructed record of literary coming of age in a particularly propitious cultural moment One Million Words has carved out a unique place in the annals of literary autobiography Library     *Film and Video* Richard Kostelanetz, 2005 American anarchist critic Richard Kostelanetz remains a prolific force and a unique independent voice This book presents a selections of his writings on film and video Representing radical alternatives he writes with uncommon perception not only about familiar issues but also about films customarily forgotten and always with his customary clarity Also included are prefaces and transcripts from his own films and videos     **On Innovative Performance(s)** Richard Kostelanetz, 1994 This collection of essays some reprinted

from the leading avant garde critic of the era focuses on individual performances and performers providing a unique critical record of their work and of the movement Vito Acconci Lenny Bruce Jean Dupuy Karen Finley Timothy Leary The Living Theater Robert Watts Zaj one is fortunate that Kostelanetz was there **Ecce Kosti** Richard Kostelanetz,1996 *The South Carolina Review* ,1995 *Contemporary Dramatists* ,1993 John Cage, Writer John Cage,1993 In August 1992 John Cage died suddenly just a month before he would have celebrated his eightieth birthday The passing of one of the greatest avant garde figures of the century was mourned around the world and brought a new recognition of his achievements in music and art and a reconsideration of the Cage legacy that will long continue An essential part of this legacy are the writings gathered here which span more than fifty years of Cagean thought and creativity Generally unfamiliar they demonstrate that Cage was highly skilled in using language not only to provide insight into his own work but also to convey his response to the music of others his ideas about art film and dance and in An Autobiographical Statement his reflections on his own life career and self fulfillment Written between the late 30 s and the early 90 s these pieces here acquire the permanence they deserve Some have never been published before Many appeared only in magazines journals and catalogues others in concert programs and on record covers Also included are the texts of lectures and of crucial importance to an appreciation of his music Cage s notes on the performance of his compositions courtesy of his music publisher C F Peters Taken together these writings from their diverse sources and in their rich variety reveal a lessknown but central aspect of the genius of a mild mannered deeply courageous pioneer in the arts Dance critic Nancy Dalva has written John Cage taught us to listen to the world In this book we can learn what he heard *Radio Writings* Richard Kostelanetz,1995

**Conversing with Cage** Richard Kostelanetz,1988 John Cage was perhaps the 20th century s most radical classical composer From his famous silent piece 4 33 to his proclamation that all sound is music Cage stretched the aesthetic boundaries of what could be performed in the modern concert hall But more than that Cage was a provocative cultural figure who played a key role in inspiring scores of other artists and social philosophers in the second half of the 20th century Through his life and work he created revolutions in thinking about art and its relationship to the world around us *Conversing with Cage* is the ideal introduction to this world offering in the artist s own words his ideas about life and art Book jacket

*Crimes of Culture* Richard Kostelanetz,1995 Kostelanetz slashes and burns his way through the politics of American culture *Crimes of Culture* examines the critical conflicts between literary institutions and the cultural apparatuses of the state It assaults the status quo assumptions on the value of graduate schooling newspaper literacy and the problems of copyright and censorship Caution demolition master at work *Minimal Fictions* Richard Kostelanetz,1994 Concrete Fiction Offered here for the first time in book form are important selections from Richard Kostelanetz s esteemed experimental texts *Minimal Fictions* encompasses some 400 stories which taken together form a fictional world that is as visually surprising as it is verbally resonant It should be emphasized that there is a clear difference between the minimalism practiced by Carver and

Barthelme and the truly radical minimalism analogous to that devised by musicians and painters in the 1960s of someone like Richard Kostelanetz who since 1970 has produced a number of highly original fictions in the forms of lines numbers one two and three word sequences and other severely attenuated elements Larry McCaffery **On Innovative Music(ian)s** Richard Kostelanetz, 1989 Limelight Long noted for his literary criticism Richard Kostelanetz has for over two decades written intelligently about contemporary music in various veins This book collects the best of those essays Several deal at length with such avant garde composers as Elliott Carter Milton Babbitt and especially John Cage others are profiles of musicians such as Glenn Gould B B King and the author's uncle Andre Kostelanetz
