believe how they see themselves and how they view the world It includes a thorough examination of doctrine philosophy the Shi i approach to the Qur an and the historical evolution of Shi ism as a branch of Islam Too often and too quickly the conclusion is drawn that Shi ism is a marginal heretical sect fundamentally alien to the deeper truth of the great religion of Islam thrust by historical accident onto the political stage Shi ism either speaks the truth of Islam meaning that it is a truth of terror or it is entirely foreign to Islam and therefore merits outright rejection as Islamic fundamentalists and some individuals repeatedly claim This book intends to explain why such common misunderstandings of Shi ism have taken root Written in an accessible format and providing a thorough overview of Shi ism this book will be an essential text for students and scholars of Islamic Studies or Iranian Studies
