Against The Tranquility Of Axioms:

Against the Tranquility of Axioms Rodney Needham, 1983 **The Anthropological Lens** James L. Peacock, 2001-12-13 Anthropology is a complex wide ranging and ever changing field This clear coherent and well crafted book is a revised version of a very successful text first published in 1986 designed to supplement standard textbooks and monographs It covers the central concepts distinctive methodologies and philosophical as well as practical issues of cultural anthropology and it is accessible to the anthropological novice and of value to the professional The updated version covers current issues in cultural anthropology and includes topics such as globalization gender post modernism and public issues and reflects changes in perspective and language **The Synopticon** ,1990 Major philosophical concepts outlines with reading lists referring to quotations in vols of the series Great books of the Western world **The Zurich Axioms** Max Gunther, 2005-01-15 Offers advice on investment strategy and risk management clears up common misconceptions about the stock market and discusses economic forecasts and long range planning **Semiotics and Fieldwork** Peter K. Manning, 1987-07 Ethnographic fieldwork and formal linguistic analysis have traditionally been thought to be diametric opposites But in this provocative analysis these diverse methods of qualitative research are demonstrated to be complementary The author reveals that the formalism of semiotics adds breadth and depth to the particularism of traditional fieldwork similarly the many details of ethnographic description give semiotic analysis a more realistic perspective After examining the potential benefits and limitations of each method of analysis the author shows how the synthesis of the two is potentially more powerful than either alone This book succeeds in bringing together two branches of science that are rather different with respect to traditions and levels of abstraction Methodika Provides a brief and useful statement of the method It is both a summary of what has been said and a commentary on the simultaneous deformalization and formalization of American life Social Forces Journal of the Anthropological Society of Oxford Anthropological Society of Oxford, 1990 **JASO** ,1993 *Anthropos* ,1985 **Advances in Computers** ,1989-09-08 Advances in Computers Buddha-nature, Mind, and the Problem of Gradualism in a Comparative Perspective David Seyfort Ruegg, 1992 **American Sociological Review** ,1936 Includes sections Book reviews and Periodical literature The Self-milking Cow and the Bleeding Lingam Gabriella Eichinger Ferro-Luzzi, 1987 Black Male Deviance Anthony J. Lemelle, 1995 Many studies of Black men have been and will be produced but most have approached the subject from angles other than a position of scholarship that explores how Black men have come to be socially produced as deviants and asks how have persons in academe participated in the production of these perceived deviants and how has the Black community responded to this social construct of a role This work is directed toward sociologists and those who are interested in the study of the Black community *The Tocqueville Review* Tocqueville Society, 1995 Confucian Studies Xinzhong Yao, Weiming Tu, 2011 While having substantially declined in political and social influence Confucianism was revived by leading intellectuals so called Modern

New Confucians in the twentieth century to deal with perennial problems facing modern people and society It is against this background that Confucian Studies has become an increasingly important subject taught in universities and colleges in North America Europe East Asia and Australia With more and more universities and colleges offering courses on or relating to Confucian philosophy ethics religion and politics this new collection from Routledge answers the urgent need for a source book in contemporary Confucian Studies
