Age Of Federalism:

The Age of Federalism Stanley M. Elkins, Eric McKittrick, 1995-02-23 A history of the Federalist period combines biographical insights with analysis and reflection to capture the sweeping issues remarkable personalities and intricate controversies of the time in a swiftly moving narrative

The Age of Federalism: The Early American Republic, 1788-1800 Stanley Elkins, Eric McKittrick, 1994-12-20 When Thomas Jefferson took the oath of office for the presidency in 1801 America had just passed through twelve critical years years dominated by some of the towering figures of our history and by the challenge of having to do everything for the first time Washington Hamilton Madison Adams and Jefferson himself each had a share in shaping that remarkable era an era that is brilliantly captured in *The Age of Federalism* Written by esteemed historians Stanley Elkins and Eric McKittrick *The Age of Federalism* gives us a reflective deeply informed analytical survey of this extraordinary period Ranging over the widest variety of concerns political cultural economic diplomatic and military the authors provide a sweeping historical account keeping always in view not only the problems the new nation faced but also the particular individuals who tried to solve them As they move through the Federalist era they draw subtly perceptive character sketches not only of the great figures Washington and Jefferson Talleyrand and Napoleon Bonaparte but also of lesser ones such as George Hammond Britain's frustrated minister to the United States James McHenry Adams's hapless Secretary of War the pre Chief Justice version of John Marshall and others They weave these lively profiles into an analysis of the central controversies of the day turning such intricate issues as the public debt into fascinating depictions of opposing political strategies and contending economic philosophies Each dispute bears in some way on the broader story of the emerging nation The authors show for instance the consequences the fight over Hamilton's financial system had for the locating of the nation's permanent capital and how it widened an ideological gulf between Hamilton and the Virginians Madison and Jefferson that became unbridgeable The statesmen of the founding generation the authors believe did a surprising number of things right But Elkins and McKittrick also describe some things that went resoundingly wrong the hopelessly underfinanced effort to construct a capital city on the Potomac New York they argue would have been a far more logical choice than Washington and prosecutions under the Alien and Sedition Acts which turned into a comic nightmare No detail is left out or left uninteresting as their account continues through the Adams presidency the XYZ affair the naval Quasi War with France and the desperate Federalist maneuvers in 1800 first to prevent the reelection of Adams and then to nullify the election of Jefferson *The Age of Federalism* is the fruit of many years of discussion and thought in which deep scholarship is matched only by the lucid distinction of its prose With it Stanley Elkins and Eric McKittrick have produced the definitive study long awaited by historians of the early national era

The Age of Federalism Stanley M. Elkins, 1993 Two esteemed American historians provide a reflective analytical survey of one of the most crucial periods in American history They describe the events immediately following the American War of Independence when statesmen formed the new nation

The Living Age ,1889 Railroad Age Gazette ,1908 **Coming of Age** Edgar H. Brookes,1930 Slavery and the Founders Paul Finkelman,2001 In this significant revision of his acclaimed work Paul Finkelman places the problem of slavery in the context of early American politics and the making of the Constitution He argues that slavery was a bone of contention from the first days of the Constitutional Convention to the last and demonstrates persuasively that the debate on slavery in national politics and the problem of fugitive slaves predated the antebellum period A new chapter argues that it was the Federalists who took the high road on the issue of slavery by supporting emancipation while supporters of Jefferson formed the first pro slavery political party *Littell's Living Age* ,1921 Littell's Living Age Eliakim Littell,Robert S.
