Christian Theology in the Age of Migration Peter C. Phan, 2020-01-13 We are living in the Age of Migration and migration has a profound impact on all aspects of society and on religious institutions While there is significant research on migration in the social sciences little study has been done to understand the impact of migration on Christianity This book investigates this important topic and the ramifications for Christian theology and ethics It begins with anthropological and sociological perspectives on the mutual impact between migration and Christianity followed by a re reading of certain events in the Hebrew Scripture the New Testament and Church history to highlight the central role of migration in the formation of Israel and Christianity Then follow attempts to reinterpret in the light of migration the basic Christian beliefs regarding God Christ and church The next part studies how migration raises new issues for Christian ethics such as human dignity and human rights state rights social justice and solidarity and ecological justice The last part explores what is known as Practical Theology by examining the implications of migration for issues such as liturgy and worship spirituality architecture and education

The Age of Migration Stephen Castles, Mark J. Miller, 2003 The migratory process

and the formation of ethnic minorities International migration before 1945 Migration to highly developed countries since 1945 The state and international migration the quest for control The next waves the globalization of international migration New migrations in the Asia Pacific region Migrants and minorities in the labour force The migratory process a comparison of Australia and Germany New ethnic minorities and society Migrants and politics Migration in the post Cold War era

Christianity and the Law of Migration Silas W. Allard, Kristin Heyer, Raj Nadella, 2021-09-05 This collection brings together legal scholars and Christian theologians for an interdisciplinary conversation responding to the challenges of global migration Gathering 14 leading scholars from both law and Christian theology the book covers legal perspectives theological perspectives and key concepts in migration studies In Part 1 scholars of migration law and policy discuss the legal landscape of migration at both the domestic and international level In Part 2 Christian theologians ethicists and biblical scholars draw on the resources of the Christian tradition to think about migration In Part 3 each chapter is co authored by a scholar of law and a scholar of Christian theology who bring their respective resources and perspectives into conversation on key themes within migration studies The work provides a truly interdisciplinary introduction to the topic of migration for those who are new to the subject an opportunity for immigration lawyers and legal scholars to engage Christian theology an opportunity for pastors and Christian theologians to engage law and new insights on key frameworks for scholars who are already committed to the study of migration

International Handbook of Migration and Population Distribution Michael J. White, 2015-12-11 This Handbook offers a comprehensive collection of essays that cover essential features of geographical mobility from internal migration to international migration to urbanization to the adaptation of migrants in their destinations Part I of the collection introduces the range of theoretical perspectives offered by several social science disciplines while also examining the crucial relationship between internal and international migration Part II takes up methods ranging from how migration data are best collected to contemporary techniques for analyzing such data Part III of the handbook contains summaries of present trends across all world regions Part IV rounds out the volume with several contributions assessing pressing issues in contemporary policy areas The volume s editor Michael J White has spent a career studying the pattern and process of internal and international migration urbanization and population distribution in a wide variety of settings from developing societies to advanced economies In this Handbook he brings together contributors from all parts of the world gathering in this one volume both geographical and substantive expertise of the first rank The Handbook will be a key reference source for established scholars as well as an invaluable high level introduction to the most relevant topics in the field for emerging scholars

The Dynamics of Migration, Health and Livelihoods Kubaje Adazu, 2017-11-28 Using INDEPTH s multi site network to provide new demographic insights into population variables this book provides a new perspective on migration health and livelihood s interaction over time The book starts with providing a conceptual and methodological framework to inform the epidemiological studies that are clustered into two themes showing the dynamics of

migration with either household livelihoods or individual health outcomes The findings demonstrate the important cross national regularities in human migration The contributed chapters also exemplify the fact that the impacts of migration can be either positive or negative for sending and or receiving communities depending on the issues at hand and the type of migration under consideration *The Indirect Estimation of Migration* Andrei Rogers, Jani Little, James Raymer, 2010-07-03 This book presents the culmination of our collaborative research going back over 15 years Rogers Little 1994 and for one of us even longer Rogers 1967 1973 It addresses a dif cult yet necessary area of demographic research what to do in data situations characterized by irregular inadequate or missing data A common solution within the demographic community has been what is generally referred to as indirect estimation In our work the focus has been on the indirect estimation of migration and our use of the term indirect follows the description given in the 1983 United Nations manual which de ned it as techniques suited for analysis of incomplete or defective demographic data United Nations 1983 p 1 We wrote this book with a goal to make it accessible to a reader familiar with introductory statistical modeling at the level of regression and categorical data an ysis using log linear models It is primarily intended to serve as a reference work for demographers sociologists geographers economists and regional planners Immigration and Emigration in Historical Perspective Ann Katherine Isaacs, 2007 **Age of Migration** Stephen Castles, 1993 *Monthly Record of Migration* International Labour Office, 1926 **Growth and Structure of Human Population in the Presence of Migration** M.
