two political philosophies vied with each other throughout much of modern history in conflicts that culminated in the Russian and American Revolutions A unique treatment of Machiavelli s political agenda its implementation by numerous historical actors and its legacy professionalism Deep Republicanism examines aspects of Machiavelli s work that have often been overlooked It also sheds light on Machiavelli himself whose famously devious and crafty writing style was partly motivated by his political vulnerability in fifteenth century Florence Hodges s study is both a novel examination of the historical influence of Machiavelli s thought and a testament to the enduring power influence and subtlety of one of the best known Western political philosophers
